Tungsten Riffler File Set

Set of 5 files: Handle, round, half round, square and 3-square. Extremely versatile tools, popular for detailed work. These files cut in any direction and do not clog easily.

| Stock Code | Description |
|------------|---------------------------------------|
| MAS200 | Tungsten Riffler File Set (5) 140x3mm |
| MAS203 | File Handle 3mm Collet |

Tungsten Needle File Set

Set of 5 files: Handle, round, half round, square and 3-square. Extremely versatile tools, popular for detailed work. These files cut in any direction and do not clog easily.

| Stock Code | Description |
|------------|------------------------------------|
| MAS201 | Tungsten Needle File Set (5) 140mm |
| MAS202 | Tungsten Needle File Set (5) 180mm |
| MAS203 | File Handle 3mm Collet |

Electroplated Diamond Riffler Files

Set of 10, 180 x 3mm doubled ended electroplated diamond riffler files. Ideal for working on marble, limestone and other soft stones.

| Stock Code | Description |
|------------|----------------------------------|
| MAS221 | Diamond Double Riffler Set Of 10 |

Tungsten File

Overall size 230mm x 38mm. Thickness 1.6mm. Use to clean up slots in difficult to reach places.

| Stock Code | Description |
|------------|-------------------------------|
| MAS188 | Tungsten File 230x38mm Fine |
| MAS189 | Tungsten File 230x38mm Coarse |

Planes, Engravers & Turbine Grinder

Stanley Surform Plane 250mm

Cutting action similar to a rasp.

Ideal for working and shaping of softer stones.

| Stock Code | Description |
|------------|--|
| MAS165 | Stanley Surform Plane 250mm Flat |
| MAS166 | Stanley Surform Blade 10" 506 5-21-393 |
| MAS167 | Stanley Surform Blade 10" 505 5-21-293 |
| MAS168 | Stanley Surform Blade 10" 507 5-21-299 |

Burgess Professional Engraver 240v

Suitable for intricate engraving. Each engraver is balanced to sit comfortably in the hand. The one hundred strokes per second penetrating pump action ensures the engraving point indents the work piece rather than removing raw material from the work piece.

| Stock Code | Description |
|------------|------------------------------------|
| MAS175 | Burgess Professional Engraver 240v |
| MAS180 | A2 Carbide Point |

Hobby Mini Grinder 240v

Variable speed mini grinder. 75 piece kit supplied in a tough storage case. Supplied with 2.35mm and 3.00mm collets.

| Stock Code | Description |
|------------|-------------------------|
| MAS175A | Hobby Mini Grinder 240v |

UT1070K Turbine Grinder

A robust powerful air pencil grinder kit designed for professional workshop applications.

Speed: 70,000 RPM

Average Air Consumption: 3 CFM

Compressor FAD: 12 CFM

Length: 120 mm (4.7 ins)

Height: 20 mm (0.8 ins)

Nett Weight: 0.14 kgs (0.3 lbs)

| Stock Code | Description |
|------------|--------------------------------|
| MC033A | UT1070K Die Grinder 3mm Collet |

Burrs & Pneumatic Pen

Diamond Burrs Set of 30, 3mm Shank

Can be used dry however lubricant can help avoid overheating ensuring a better finish and longer life. Electroplated diamond coating.

| Stock Code | Description |
|------------|----------------------------------|
| BURR050 | 3mm Shank Diamond Burr Set Of 30 |

Diamond Burrs Set of 20, 6mm Shank

A range of 20 shaping burrs for sculpture and detailed shaping of marble and limestone. Electroplated diamond coating.

| Stock Code | Description |
|------------|--|
| BURR051 | 6mm Shank Diamond Burr Economy Set Of 20 |

Tungsten Burrs Set of 6, 6mm Shank

Used to quickly remove and shape all composite materials as well as natural stone, wood, ceramic and glass. Maximum RPM 20,000.

| Stock Code | Description |
|------------|------------------------------------|
| TBURR | Set of 6 Tungsten Burrs, 6mm Shank |

Tungsten Burrs, 6mm Shank

Used to quickly remove and shape all composite materials as well as natural stone, wood, ceramic and glass. Maximum RPM 20,000.

| Stock Code | Description |
|------------|--------------------------------------|
| TBURR003 | Rod 8mm T.C. Burr 6mm Shank |
| TBURR004 | Taper 6mm T.C. Burr 6mm Shank |
| TBURR005 | Drum 13mm T.C. Burr 6mm Shank |
| TBURR006 | Ball 20mm T.C. Burr 6mm Shank |
| TBURR007 | Cone 26mm T.C. Burr 6mm Shank |
| TBURR008 | Large Taper 20mm T.C. Burr 6mm Shank |

Cuturi Pneumatic Pen

Delicate pneumatic hammer for fine and detailed work.

Complete with point, claw and chisel.

Piston 1/4" Air Consumption 40L (per minute)

Weight 90g

Blows Per Minute 8500

| Stock Code | Description |
|------------|----------------------|
| MC035 | Cuturi Pneumatic Pen |
| MC036 | Cuturi Points |

Water Chucks & Tungsten Carbide Drills

SDS+ Water Chuck ½" BSP

To be used with SDS+ hand drill.

Ideal for use on site during the preparation for memorial fixing systems.

To accept ½" BSP male core drills

| Stock Code | Description |
|------------|---------------------------------------|
| CHUCK001 | SDS + Water Chuck Complete With Arbor |

Straight Shank Water Chuck ½" BSP

12.7mm shank to fit in a standard chuck drill, allows the user to then fit ½" BSP male core drills.

12.7mm shank to fit in a standard chuck drill, allows the user to then fit ½" BSP male core drills.

| Stock Code | Description |
|------------|----------------------------------|
| CHUCK008 | Small Straight Shank Water Chuck |
| CHUCK009 | Large Straight Shank Water Chuck |

Diagrit Water Chucks ½" BSP

Heavy duty water chuck for the larger jobs with drills over 10mm diameter. Will fit directly into quill or pillar drill.

Heavy duty water chuck for the larger jobs with drills over 10mm diameter. Will fit directly into quill or pillar drill.

PVC Heavy Duty Sandblast Tape

Highly abrasive resistant PVC heavy duty sandblast tape.

| Stock Code | Description |
|------------|--------------------------------------|
| TAPE025 | 150mm X 33 mtrs AT10 Silver H.D.Tape |
| TAPE026 | 300mm X 33 mtrs AT10 Silver H.D.Tape |

Scapa 9830 Tape (Barrier)

A thick single-sided paper tape, based on an impregnated lay-flat paper carrier coated with a rubber/resin pressure sensitive adhesive with a white single sided siliconised PE liner. Recommended for protection and masking during sandblasting - Fixing stencils during deep sandblasting operations.

| Stock Code | Description |
|------------|--------------------------------------|
| TAPE017 | 150mm X 25 mtrs Scapa Tape (Barrier) |
| TAPE018 | 225mm X 25 mtrs Scapa Tape (Barrier) |
| TAPE019 | 300mm X 25 mtrs Scapa Tape (Barrier) |

Tesa Tape

Tesa 4432 is a special masking tape with a tough, resistant, stabilised paper backing and a strong adhesive. Due to the resistant paper backing Tesa 4432 is suitable as a stencil material for sandblasting glass, mirrors and stone; normal durability (6 sec./4 bar).

| Stock Code | Description |
|------------|--------------------------------|
| TAPE015 | 150mm X 25 mtrs Tesa Tape 4432 |
| TAPE016 | 300mm X 25 mtrs Tesa Tape 4432 |

Sandblasting Stencil Tapes

Anchor 116

A high tack computer stencil. 15" features trimmed edges and a strong, clear film liner that offers easy alignment and smooth, precise running on computerised stencil making machines. The 30" wide tracks only on large pin plotters and the stencil rubber extends to the edge of the liner.

Adhesive tack – high, cutting method – friction fed and sprocket fed.

| Stock Code | Description |
|------------|-------------------------------------|
| TAPE003 | 116 Anchor Tape Hi-Tack 15" x 10Yds |
| TAPE004 | 116 Anchor Tape Hi-Tack 30" x 10Yds |

Anchor 125

125 – easy release blue liner. The strength of the adhesive eliminates the need for filler or spray adhesive.

Adhesive tack – high, cutting method – hand cut.

| Stock Code | Description |
|------------|-----------------------------|
| TAPE006 | 125 Anchor Tape 25" x 10Yds |

Anchor 155

Similar construction to 153 stencil, except this product has a water based acrylic adhesive, rather than petroleum-based.

Rubber is trimmed back 12mm along each edge so the wheels can clamp on the 5mm polyester film liner and carry the stencil.

Adhesive tack – high, cutting method – friction fed.

| Stock Code | Description |
|------------|---|
| TAPE008 | 155 Anchor Tape Hi-Tack 19 7/8" x 10Yds |
| TAPE009 | 155 Anchor Tape Hi-Tack 24" x 10Yds |

Anchor T226

High-tack blastlite is a specially formulated rubber mask that is long lasting and easy to use. Natural flexibility and impact resistance makes it ideal for all substrates where shallow blasting is required. Blastlite high tack stencils are coated with an acrylic adhesive.

Adhesive tack – high, cutting method – hand cut.

| Stock Code | Description |
|------------|--|
| TAPE010 | T226 Anchor Sandblast Tape 15" x 10Yds |
| TAPE011 | T226 Anchor Sandblast Tape 20" x 10Yds |
| TAPE012 | T226 Anchor Sandblast Tape 25" x 10Yds |

Quantum Sandblast Vinyl

Self adhesive sandblast vinyl for use on granite, marble and other natural stones.

PVC film dedicated for use on plotting machines.

The high durability of the adhesive and the thickness of the film ensure safe working.

Easy peel adhesive allows fast removal of the product after use.

All vinyl are 10 yards in length.

Quantum 333

Medium blasting resistance.

Suitable for light to medium blasting applications.

Supplied with a paper backing liner.

| Stock Code | Description |
|------------|--------------|
| TAPE050 | 15" X 10 YDS |
| TAPE051 | 20" X 10 YDS |
| TAPE052 | 24" X 10 YDS |

Quantum 444

Heavier blasting resistance.

Suitable for medium to heavy blasting applications.

Supplied with a paper backing liner.

| Stock Code | Description |
|------------|--------------|
| TAPE055 | 15" X 10 YDS |
| TAPE056 | 20" X 10 YDS |
| TAPE057 | 24" X 10 YDS |

Sandblasting Products

Sinterball 35/70 Sandblast Grit

High quality sinterball bauxite used as an alternative to aluminium oxide grits. The rounded spheres of grit make for a nice rounded letter after sandblasting.

| Stock Code | Description |
|------------|--------------------------------------|
| GRIT001 | 25kg Sinterball Sandblast Grit 35/70 |

Virgin Sandblast Grit

Aluminium Oxide typically used in blast cabinets to etch inscriptions into memorials and signs with the use of a rubber stencil resist.

| Stock Code | Description |
|------------|-----------------------------------|
| GRIT002 | 25Kg Virgin Sandblast Grit 30/40 |
| GRIT003 | 25Kg Virgin Sandblast Grit 40/60 |
| GRIT004 | 25Kg Virgin Sandblast Grit 60/80 |
| GRIT005 | 25Kg Virgin Sandblast Grit 80/120 |
| GRIT006 | 25Kg Virgin Sandblast Grit 90/150 |
| GRIT007 | 25Kg Virgin Sandblast Grit 200 |

Ceramic Sandblast Nozzles

Sapphirite nozzles are resistant to wear, abrasion and breakage, because they are made of high density alumina.

| Stock Code | Description |
|------------|--|
| LET004 | #1 Ceramic Nozzle 3-3/4" Long Large 1/8 |
| LET005 | #1 Ceramic Nozzle 3-3/4" Long Large 3/32 |
| LET006 | #2 Ceramic Nozzle 1-1/4" Long Mini 1/8 |

Norbide Sandblast Nozzles

Boron carbide nozzles are the longest lasting and most durable straight bore nozzles available.

| Stock Code | Description |
|------------|--|
| LET007 | 1/8" Norbide Sandblast Nozzle 214/205h |

Stencil Filler

A medium tack adhesive designed for use with stencil tapes. On polished surfaces it is recommended that a light coat be applied.

| Stock Code | Description |
|------------|-----------------------|
| LET002 | Stencil Filler 500ml |
| LET003 | Stencil Filler Gallon |

Stencil Roller

For smoothing out and ensuring maximum adhesion of stencil tape to stone surface.

| Stock Code | Description |
|------------|---------------------------------|
| LET001 | 100mm Stencil Roller Heavy Duty |

Dustless Sandblasters

The Rasant 470 and Taifun 500 works like any professional sandblaster with one exception, it is dustless. The system is similar to standard sandblasting in a cabinet due to the extractor running parallel to the nozzle.

A blast cabinet is therefore not necessary and this also allows the unit to be used on site. Both the dust extractor and blaster are mounted on a portable base.

- No blast cabinet is necessary.
- Workpieces can be processed on site.
- No danger of silicosis.
- Continuous use is possible.
- Closed circuit blasting media, allows economical use of blasting filters.
- Efficient filtration with disposable filters.
- Banking up of stones no longer necessary therefore maximum work efficiency can be achieved.

Rasant 470 Dustless Sandblaster

Specifications:

Height: 1540 mm

Width: 620 mm

Length: 770 mm

Weight: 75 kg

Abrasive Nozzle: 4 mm

Abrasive Capacity: 13 Kg

Abrasive: 40 Grit

Air Pressure 3 Bar

Air Consumption: 400 Ltr/min

Electric Voltage: 230 V, 50 Hertz

Electric Power consumption: 1050 W

| Stock Code | Description |
|------------|---------------------------------|
| BLAST004A | Rasant 470 Dustless Sandblaster |

Taifun 500 Dustless Sandblaster

Specifications:

Height: 1300 mm

Width: 610 mm

Length: 900 mm

Weight: 75 kg

Abrasive Nozzle: 4 mm

Abrasive Capacity: 30 Kg

Abrasive: 40 Grit

Air Pressure: 3 Bar

Air Consumption: 400 Ltr/min

Gilding Products

23.5kt Gold Leaf

Gold leaf is extremely thin leaves of gold and is too fragile to be handled by hand. A gilding brush or tip should be used to pick up the leaf and apply it to the desired surface.

| Stock Code | Description |
|------------|--|
| LET010 | 23.5kt Loose Gold Leaf 25 Leaves Per Book |
| LET011 | 23.5kt Transfer Gold Leaf 25 Leaves Per Book |

Harbro Gold Size

Oil based size suitable for internal or external applications. Allow size to become tacky before application of gold leaf.

| Stock Code | Description |
|------------|------------------------------------|
| LET016 | 1 Hr Clear Harbro Gold Size 250ml |
| LET017 | 4 Hr Clear Harbro Gold Size 250ml |
| LET018 | 1 Hr Tinted Harbro Gold Size 250ml |
| LET019 | 4 Hr Tinted Harbro Gold Size 250ml |

Le Franc Gold Size

Oil based size suitable for internal or external applications. 3hr reaches tack in 3-5 hours depending on film thickness, humidity and temperature. It will remain tacky for 4-6 hours. Allow one week to cure before sealing or glazing.

| Stock Code | Description |
|------------|--------------------------------------|
| LET020 | 3 Hr Le Franc Clear Gold Size 250ml |
| LET021 | 12 Hr Le Franc Clear Gold Size 250ml |

One Shot Gold Size - Fast Dry 1Hr

Fast Setting - Gild within one hour.

Designed to retain elasticity - up to 8 hours after application. 237ml tin.

| Stock Code | Description |
|------------|---------------------------------|
| LET016A | One Shot 1Hr Fast Dry Gold Size |

Gilding Mop - Soft Hair in Quill

For the burnishing of gold leaf.

This domed mop brush is made from extremely soft mixed natural hair.

Traditionally used for applying french polish and by gilders and craftsmen for various applications.

| Stock Code | Description |
|------------|-------------------|
| LET095 | No.4 Gilding Mop |
| LET096 | No.6 Gilding Mop |
| LET097 | No.8 Gilding Mop |
| LET098 | No.10 Gilding Mop |

| HM045B | 20mm Steel Bouchard Hammer 1 Piece |
| HM046B | 25mm Steel Bouchard Hammer 1 Piece |

Scutch Hammer

This tool has a square striking face at one end, and a slot for holding 1" scutch combs at the other. Very useful for cleaning down stones whilst still having the use of a traditional hammer.

| Stock Code | Description |
|------------|--------------------------|
| HM050 | Scutch Hammer Double End |
| HM051 | Scutch Hammer Single End |

Standard Punch Hammer

Traditionally used by stone masons, this hammer is designed to deliver a very high impact blow into a small area. Long sleek heads mean these punch hammers have a momentum to their striking force. Fitted with a hickory shaft.

| Stock Code | Description |
|------------|----------------------------------|
| HM004 | 1.4Kg(3lb) Standard Punch Hammer |
| HM006 | 1.8Kg(4lb) Standard Punch Hammer |

Premium X' Type Punch Hammer

Professional quality hand forged hammer head. Made from tempered steel. Shaped to provide a natural swinging arc.

| Stock Code | Description |
|------------|----------------------------------|
| HM010 | 1.6kg Punch Hammer X Type Medium |

Hammers & Mallets

Premium X' Type Northern Pattern

Professional quality hand forged hammer head. Made from tempered steel for cutting, pitching and dressing of natural stone.

| Stock Code | Description |
|------------|---------------------------------------|
| HM015 | 1.4kg Northern Pattern Walling Hammer |
| HM016 | 1.8kg Northern Pattern Walling Hammer |

Premium X' Type Southern Pattern

Professional quality hand forged hammer head. Made from tempered steel for cutting, pitching and dressing of natural stone. Axe profile

| Stock Code | Description |
|------------|---------------------------------------|
| HM020 | 1.1kg Southern Pattern Walling Hammer |
| HM021 | 1.6kg Southern Pattern Walling Hammer |

Masons Nylon Mallet

Specifically designed for the stonemason this mallet is manufactured using an ultra high molecular weight polythene head which offer strength, durability and abrasive resistance.

| Stock Code | Description |
|------------|---------------------------|
| HM025 | 100mm Masons Nylon Mallet |
| HM026 | 125mm Masons Nylon Mallet |
| HM027 | 150mm Masons Nylon Mallet |

Masons Beechwood & Lignum Vitae Mallet

Traditional masons mallet turned from dense hard wood.

| Stock Code | Description |
|------------|-------------------------------|
| HM028 | 80mm Lignum Vitae Mallet |
| HM029 | 100mm Masons Beechwood Mallet |
| HM030 | 150mm Masons Beechwood Mallet |
| HM031 | 200mm Masons Beechwood Mallet |

Lettering Hammer

For use with hammer head stone carving and lettering tools. Traditional hammer supplied fitted with ash handle to ensure good grip with slight spring.

| Stock Code | Description |
|------------|--------------------------------|
| HM035 | 460grm Lettering Hammer (1lb) |
| HM036 | 690grm Lettering Hammer (1½lb) |
| HM037 | 910grm Lettering Hammer (2lb) |

Hammers & Mallets

Dummy Mallet

The head is made from EN8 steel for safety, and fitted with an ash handle. For use with woodcarving and stone carving tools. Ideal for use when letter carving.

| Stock Code | Description |
|------------|-----------------------------|
| HM040 | 460grm Dummy Mallet (1lb) |
| HM041 | 690grm Dummy Mallet (1 ½lb) |
| HM042 | 910grm Dummy Mallet (2lb) |

Portuguese Style Dummy Mallet

Portuguese style dummy mallet complete with handle.

| Stock Code | Description |
|------------|-------------------------------|
| HM120 | 300g Portuguese Dummy Mallet |
| HM121 | 400g Portuguese Dummy Mallet |
| HM122 | 600g Portuguese Dummy Mallet |
| HM123 | 800g Portuguese Dummy Mallet |
| HM124 | 1000g Portuguese Dummy Mallet |
| HM125 | 1250g Portuguese Dummy Mallet |
| HM126 | 1450g Portuguese Dummy Mallet |

Brass Dummy Mallet

Brass dummy mallet complete with handle.

| Stock Code | Description |
|------------|-------------------------|
| HM130 | 460g Brass Dummy Mallet |
| HM131 | 690g Brass Dummy Mallet |
| HM132 | 910g Brass Dummy Mallet |

4lb Scottish Dykers Hammer

Traditional type of walling hammer. Scottish dykers hammer is an alternative hammer to the punch hammers. Its 4lb short heavy head combined with its vertical edge, makes easy work of splitting stones without the need for chisels.

| Stock Code | Description |
|------------|----------------------------|
| HM115 | 4lb Scottish Dykers Hammer |

White Rubber Mallet

Tough durable semi-hard white rubber mallet with cylindrical head of special rubber mix. Will not discolour or leave marks on work surfaces and features self-locking handle. Weight 1¾lb. Diameter 3in.

| Stock Code | Description |
|------------|--------------------------|
| HM053 | White Rubber Mallet Thor |

Wedges, Plugs & Feathers, Lewis Pins

X Type Stringer 3mm Chamfer

Hand forged wedge for splitting stone block along a chased line.

| Stock Code | Description |
|------------|-----------------------------------|
| WED003 | Small X Type Stringer 3mm Chamfer |
| WED004 | Large X Type Stringer 3mm Chamfer |

X Type Riving Wedge

Hand forged wedge for splitting slate and laminated stone.

| Stock Code | Description |
|------------|-------------------------------------|
| WED001 | X Type Riving Wedges Small 150X57mm |
| WED002 | X Type Riving Wedges Large 150X70mm |

Plugs & Feathers (Wedges & Shims)

Used to fracture and split natural stone blocks.

A method used in quarrying to reduce large masses of stone to smaller size. By using a hammer drill, a row of shallow holes is made along the line where a break is desired. The feathers consist of two iron strips, flat on one side for contact with the wedge and curved on the other to fit the wall of the drill hole. They are placed in the hole and the plug (a steel wedge) is placed between them. They are sledged lightly in succession until a fracture appears.

| Stock Code | Description |
|------------|-------------------------------|
| PLO01 | Plugs & Feathers 75mm X 16mm |
| PLO02 | Plugs & Feathers 100mm X 20mm |
| PLO03 | Plugs & Feathers 150mm X 25mm |
| PLO04 | Plugs & Feathers 200mm X 32mm |
| PLO05 | Plugs & Feathers 300mm X 32mm |

Guillet Plugs & Feathers (Wedges & Shims)

| Stock Code | Hole | Plug Length | Plug Diameter | Max Hole |
|------------|------|-------------|---------------|----------|
| PL015 | 25mm | 300mm | 24mm | 34mm |
| PL016 | 30mm | 300mm | 28mm | 38mm |
| PL017 | 30mm | 400mm | 28mm | 38mm |
| PL018 | 30mm | 600mm | 28mm | 38mm |
| PL019 | 30mm | 800mm | 28mm | 38mm |

Split Pin Lewis

For vertical lifting of boulders requires a hole drilled.

| Stock Code | Description |
|------------|---|
| LEW001 | Split Pin Lifting Lewis 250 Kg (0.25T) 20mm Hole |
| LEW002 | Split Pin Lifting Lewis 500 Kg (0.5 T) 25mm Hole |
| LEW003 | Split Pin Lifting Lewis 1000 Kg (1 T) 29mm Hole |
| LEW004 | Split Pin Lifting Lewis 2000 Kg (2 T) 36mm Hole |

Velcro Backing Pads

Backing pads for diamond polishing discs and velcro backed paper discs.

AX Super XM M14

15mm thick medium density.
Extra strong velcro.

| Stock Code | Size |
|------------|-------|
| BPAD001 | 100mm |
| BPAD002 | 125mm |
| BPAD003 | 150mm |

Rigid Extra Grip M14

3mm thick rigid backing pad.
Extra strong velcro.

| Stock Code | Size |
|------------|-------|
| BPAD004 | 100mm |
| BPAD005 | 125mm |

Medium Density M14

12mm thick moulded PUR.

| Stock Code | Size |
|------------|-------|
| BPAD043 | 125mm |

Flexible Rubber M14

Flexible rubber.

| Stock Code | Size |
|------------|-------|
| BPAD011 | 100mm |
| BPAD012 | 125mm |

EVA Extra Grip M14

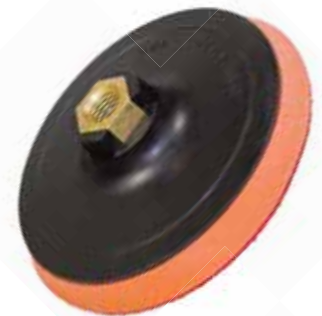

5mm EVA foam.
Extra strong velcro

| Stock Code | Size |
|------------|-------|
| BPAD004A | 100mm |
| BPAD005A | 125mm |

EVA Foam M14

10mm EVA foam.
Ideal for contoured surfaces.

| Stock Code | Size |
|------------|-------|
| BPAD001B | 100mm |
| BPAD002B | 125mm |

EVA Foam M14

25mm EVA foam.
Ideal for contoured surfaces.

| Stock Code | Size |
|------------|-------|
| BPAD001A | 100mm |
| BPAD002A | 125mm |

Hard Plastic M14

Hard rigid plastic.

| Stock Code | Size |
|------------|-------|
| BPAD009 | 100mm |
| BPAD010 | 125mm |

Thin Body M14

Fairly rigid, no foam layer

| Stock Code | Size |
|------------|-------|
| BPAD006 | 75mm |
| BPAD007 | 100mm |
| BPAD008 | 125mm |

Aluminium M14

Strong rigid aluminium.

| Stock Code | Size |
|------------|-------|
| BPAD045 | 100mm |
| BPAD046 | 125mm |

Backing Pads

Q/R Snail Foam

Q/R snail to velcro.
10mm EVA Foam.
Ideal for contoured Surfaces

| Stock Code | Size |
|------------|-------|
| BPAD012 | 125mm |

Q/R Snail Rigid

Q/R snail to velcro.
Neutral colour.
Ideal for writing grades on

| Stock Code | Size |
|------------|-------|
| BPAD013 | 100mm |

PSA Moss Type Pad M14

16mm thick PSA.
Flexipads version of the moss pad.
For use with self stick paper discs.

| Stock Code | Size |
|------------|-------|
| BPAD017A | 125mm |

Moss Type Pad M14

10 mm thick.
Aluminium backing.
For use with self stick paper disc

| Stock Code | Size |
|------------|-------|
| BPAD017 | 125mm |

SS Super XM M14

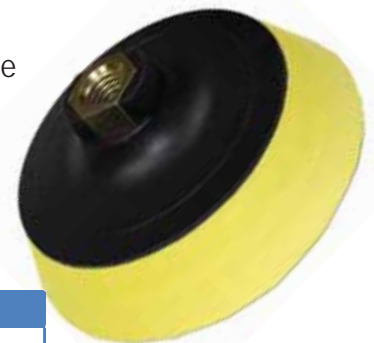

For use with silicon carbide plain backed paper discs

| Stock Code | Size |
|------------|-------|
| BPAD016 | 125mm |

SS EVA Foam

25mm EVA foam.
For use with silicon carbide plain backed paper discs

| Stock Code | Size |
|------------|-------|
| BPAD016A | 125mm |

Nylon Backing Pads

Pad height 20mm.
The pad is smaller to allow wear of the abrasive disc.
Soft flexible backing pad suitable for angle grinders.

| Stock Code | Size |
|------------|-----------|
| BPAD025 | 110mm M10 |
| BPAD026 | 115mm M14 |
| BPAD027 | 125mm M14 |
| BPAD028 | 178mm M14 |
| BPAD029 | 230mm M14 |

Nylon Backing Pads

Pad height 20mm.
The pad is smaller to allow wear of the abrasive disc.
Medium flexible backing pad suitable for angle grinders.

| Stock Code | Size |
|------------|-------|
| BPAD027A | 125mm |
| BPAD028A | 178mm |

Backing Pads

Q/R Adaptor Plate

Aluminium face to accept quick release fitting attachment.

Black rubber mounting on the back.

Fixture M14, M24 or 3/4" BSP

| Stock Code | Description |
|------------|--------------|
| BPAD030 | Q/R M14 |
| BPAD031 | Q/R M24 |
| BPAD032 | Q/R 3/4" BSF |
| BPAD033 | Q/R 5/8" UNC |

Anti-Vibration Coupling

Brass inner and outer with rubber core.

Placed between polisher and backing pad.

Protects the bearings and prolongs the life of the machine.

| Stock Code | Fitting |
|------------|-----------|
| BPAD034 | M14 - M14 |

250mm Velcro Backing Plate

Backing plate for use with velcro backed discs to suit radial arm polishing machines.

| Stock Code | Description |
|------------|-------------------------------------|
| DRAP017A | 250mm Radial Arm QRS Velcro Adaptor |

Munchen Backing Plate

Backing plate to accept 5 munchen segments. This attaches to the polishing machines backing plate using a bolting system. The machines plates may need to be drilled to accommodate the backing pads.

| Stock Code | Description |
|------------|-----------------------------|
| BPAD036 | 250mm Munchen Backing Plate |

Frankfurt Backing Plate

Backing plate to accept 3 frankfurt segments. This attaches to the polishing machines backing plate using a bolting system. The machines plates may need to be drilled to accommodate the backing pads.

| Stock Code | Description |
|------------|-------------------------------|
| BPAD035 | 250mm Frankfurt Backing Plate |

Polishing Felts & Bonnets

Felt Donut Polishing

Felt mop for the application of polishing and buffing compounds and waxes on natural stones. 25mm thick with M14 fitting.

| Stock Code | Description |
|------------|----------------------|
| RU002 | 125mm Felt Donut M14 |
| RU005 | 178mm Felt Donut M14 |

100 mm Velcro Felt Pad

Loop velcro backed dense felt disc. Designed specifically to hold up to the acidic contents of most polishing compounds and the heat that is typically generated during the final polishing process.

Use with marble and granite polishing compound.

| Stock Code | Description |
|------------|------------------------------------|
| RU011 | 100mm Velcro Felt Pad Hard 6mm(Ec) |

QR Felt Wheels

High density felt circle for the application of polishing compounds.

With quick release snail fitting.

| Stock Code | Description |
|------------|------------------------------|
| RU017 | 100mm QR Felt Wheel |
| RU018 | 100/130mm Tapered Felt Wheel |

Stitched Mops

Stitched mop for the application and buffing of polishing compounds and waxes. Used with rat tail fitting

| Stock Code | Description |
|------------|-------------------------|
| RU009 | 100 X 25mm Stitched Mop |
| RU010 | 100 X 50mm Stitched Mop |
| RU007 | 150 X 25mm Stitched Mop |
| RU008 | 150 X 50mm Stitched Mop |
| RU006 | 200 X 25mm Stitched Mop |
| RU006A | 200 X 50mm Stitched Mop |
| RU012 | Rat Tail Fitting M14 |

Lambs Wool Bonnet

Premium tie-on polishing bonnets are made from pure 100% sheepskin which is more durable than fabric backed bonnets.

| Stock Code | Description |
|------------|------------------------|
| RU013 | 125mm Lambswool Bonnet |
| RU014 | 178mm Lambswool Bonnet |
| RU015 | 230mm Lambswool Bonnet |

Silicon Carbide Sanding Discs

Silicon Carbide Flat Sanding Discs

Heavy duty silicon carbide disc for grinding & polishing of natural stones.

| Grade | 115mm | 125mm | 180mm | 230mm |

| PDV010 | 125mm Carbide Paper Velour 1200 | 100 |

Flex Kleber Glue & Multi Spray Adhesive

Flex Kleber a fast drying contact adhesive used to attach paper backed discs to their backing pads.

Multi Spray is an easily applied adhesive in aerosol form.

| Stock Code | Description |
|------------|----------------------|
| SU001 | Multi Spray Adhesive |
| SU002 | Flex Kleber Glue |

Silicon Carbide Blocks & Sheets

Wet & Dry Paper Sheets 280x230mm

Used in conjunction with sanding block can be used to form various edge and surface profiles.

| Stock Code | Description |
|------------|-------------------------------------|
| SA030 | 280X230mm Wet/Dry Paper Sheet C60 |
| SA031 | 280X230mm Wet/Dry Paper Sheet C80 |

Diamond Polishing Discs & Drums

100mm Vacuum Brazed Grinding Disc

Universal Vacuum brazed product. High diamond exposure. For manual and floor polishing machines. Generally used for stock removal as part of a polishing sequence .For granite, marble & sandstone.

Velcro backed. Wet or dry Use. Max speed 4000 rpm

| Stock Code | Description |
|------------|---------------------------------|
| DIA080 | 100mm VTS Sabre Velcro Grit 30 |
| DIA081 | 100mm VTS Sabre Velcro Grit 50 |
| DIA082 | 100mm VTS Sabre Velcro Grit 100 |
| DIA083 | 100mm VTS Sabre Velcro Grit 200 |

Vacuum Brazed Universal Drum M14

Vacuum brazed diamond drum for rapid stock removal for granite, marble and natural stone. It can be used on both angle grinders and polishers.

M14 fitting. Wet or dry.

| Grade | 50x50mm | 75x50mm |
|-------|---------|---------|
| 30 | DR001 | DR005 |

| 10000 Orange | DR036 | - |

Diamond Hand Pads & Sheets

Electroface Hand Pads

Electroflex combines the long life and aggressive cutting action of diamond with the flexibility of a foam backing. Used for hand polishing granite, marble and other natural stones. Used wet or dry.

| Stock Code | Description | |
|------------|----------------------------|-------|
| HPAD001 | 100mm X 55mm Green Diapad | 60G |
| HPAD002 | 100mm X 55mm Black Diapad | 120G |
| HPAD003 | 100mm X 55mm Red Diapad | 220G |
| HPAD004 | 100mm X 55mm Yellow Diapad | 400G |
| HPAD005 | 100mm X 55mm White Diapad | 800G |
| HPAD006 | 100mm X 55mm Blue Diapad | 1800G |

Profile Electroface Hand Pads

For wet grinding and polishing the edges and surfaces of a wide range of materials such as granite, marble, engineered stones.

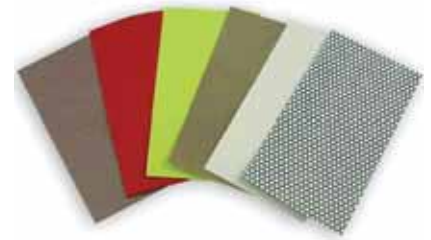

All hand pads have colour coded foam backing for easy grade identification. Available in 20mm, 30mm & 40mm.

Unbacked Flexible Diamond Sheet

Flexible diamond sheets for hand polishing marble, granite, engineered stone. Colour coded for easy grade identification. Wet Use.

| Stock Code | Description | |
|------------|-------------------------------|-------|
| DIA100 | Unbacked Electro Sheet Green | 50G |
| DIA101 | Unbacked Electro Sheet Black | 100G |
| DIA102 | Unbacked Electro Sheet Red | 200G |
| DIA103 | Unbacked Electro Sheet Yellow | 400G |
| DIA104 | Unbacked Electro Sheet White | 800G |
| DIA105 | Unbacked Electro Sheet Blue | 1500G |

Hand-E-Files in Wallet Wet Use

Designed for general purpose use and supplied in sets of 4 profiles.

| Stock Code | Description |
|------------|---------------------|
| DIA090 | Hand E Files Black |
| DIA091 | Hand E Files Red |
| DIA092 | Hand E Files Yellow |
| DIA093 | Hand E Files White |

Diamond Spindle Saws Electroplated

Used to cut close into a corner where a boss or backing nut would get in the way. 6mm shank.

| Stock Code | Description |
|------------|---------------------------------|
| SSAW001 | 25mm Integral Spindle Saw 40/50 |
| SSAW002 | 40mm Integral Spindle Saw 40/50 |
| SSAW003 | 50mm Integral Spindle Saw 40/50 |
| SSAW004 | 65mm Integral Spindle Saw 40/50 |
| SSAW005 | 75mm Integral Spindle Saw 40/50 |

Diamond Cup Wheels

Turbo Cup Wheel Granite & Marble

Wet or dry grinding for granite, marble and stone.
For rapid stock removal.

Available with 22.2mm bore or M14 fitting.

| Size | M14 | 22.2mm Bore |
|-------|---------|-------------|
| 100mm | DCUP001 | DCUP003 |
| 125mm | DCUP002 | DCUP004 |

Double Row Cup Abrasive Materials

Wet or dry grinding for concrete, masonry and stone.

For rapid stock removal.

Available with 22.2mm bore or M14 fitting.

| Size | M14 | 22.2mm Bore |
|-------|---------|-------------|
| 100mm | DCUP007 | DCUP010 |
| 125mm | DCUP008 | DCUP011 |

Turbo Cup Wheels

Wet or dry grinding for granite, marble and stone.

For rapid stock removal.

| Grade | 50mm M14 | 100mm Q/R Snail |
|-------|----------|-----------------|
| 30/40 | DCUP013 | DCUP017 |
| 40/50 | DCUP014 | DCUP018 |
| 60/80 | DCUP015 | DCUP020 |

Radius Turbo Cup Wheel M14

Radius cup wheel for shaping without sharp leading edge.

For granite or marble. Wet or dry use. M14 fitting

| Size | M14 |
|-------|---------|
| 100mm | DCUP016 |

Synthetic Wheel M14

For wet grinding of granite, marble and stone.

Resin filled between segments to reduce chipping.

Helps control grinding and improves the finish.

M14 fitting.

| Size | M14 |
|-------|---------|
| 100mm | DCUP025 |

Diamond Plates

Rhino Radial Arm Polishing System

Developed for rapid surface grinding/polishing of marble and slate faces. The first two metal bond discs are optional depending on the condition of the marble or slate surface. When the metal bond discs are used, the first two stages can then be missed out. These discs are for wet use and have colour coded velcro backing. Diameter 250mm. Speed 500 to 800 rpm.

| Stock Code | Description |
|------------|--|
| DRAP010 | 250mm Rhino Velcro Disc Metal Bond 40/50 |
| DRAP011 | 250mm Rhino Velcro Disc Metal Bond 150/170 |
| DRAP012 | 250mm Rhino Velcro Disc Resin 60 Green |
| DRAP013 | 250mm Rhino Velcro Disc Resin 120 Black |
| DRAP014 | 250mm Rhino Velcro Disc Resin 200 Red |
| DRAP015 | 250mm Rhino Velcro Disc Resin 600 Yellow |
| DRAP017A | 250mm Radial Arm QRS Adaptor |

Dia-Rap Radial Arm Polishing System

A premium surface grinding and polishing system for most types of granite. Can be used on a Jenny Lynd and other popular radial arm polishing machines. These discs are for wet use and have colour coded velcro backing. Diameter 250mm. Speed 500 to 800 rpm.

| Stock Code | Description |
|------------|---|
| RAP001 | 250mm Dia-Rap Metal Bond Coarse Velcro |
| RAP002 | 250mm Dia-Rap Metal Bond Fine Velcro |
| RAP003 | 250mm Dia-Rap Resin 60 Green Velcro |
| RAP004 | 250mm Dia-Rap Resin 120 Black Velcro |
| RAP005 | 250mm Dia-Rap Resin 200 Red Velcro |
| RAP006 | 250mm Dia-Rap Resin 400 Yellow Velcro |
| RAP007 | 250mm Dia-Rap Resin 1000 White Velcro |

| RAP009 | 250mm Dia-Rap Resin 10000 Orange Velcro |
| DRAP017A | 250mm Radial Arm QRS Adaptor |

Twister Radial Arm Polishing System

Radial arm grinding and polishing system for most types of granite. Achieves fast stock removal and a high gloss finish. These discs are for wet use and have colour coded velcro backing. Diameter 250mm.

| Stock Code | Description |
|------------|--|
| DRAP030 | 250mm Twister Plate 200 Black Velcro |
| DRAP031 | 250mm Twister Plate 400 Red Velcro |
| DRAP032 | 250mm Twister Plate 800 Yellow Velcro |
| DRAP033 | 250mm Twister Plate 1500 White Velcro |
| DRAP034 | 250mm Twister Plate 3000 Blue Velcro |
| DRAP035 | 250mm Twister Plate Buff Orange Velcro |
| DRAP017A | 250mm Radial Arm QRS Adaptor |

Diamond Plates & Routers

Diamond Polishing Plate

For radial arm polishing machines.

250mm velcro backed traditional diamond polishing heads for granite and natural stones. Final shining stone to eliminate the use for felt and polishing compounds to give you a mirror finish.

| Stock Code | Description |
|------------|--|
| DRAP001 | 250mm Diamond Plate Velcro Metal/Resin 50 |
| DRAP002 | 250mm Diamond Plate Velcro Metal/Resin 100 |
| DRAP020 | 250mm Diamond Plate Velcro Metal/Resin 200 |

Diamond Drills & Cores

Solid Granite Pin Drill

Metal bond with central water feed for drilling holes in granite and other hard materials and to be used with a fixed drilling machine. Adaptors are available to suit any water chuck fitting.

| Stock Code | Description |
|------------|------------------------|
| DD001 | 5mm Granite Pin Drill |
| DD002 | 6mm Granite Pin Drill |
| DD003 | 7mm Granite Pin Drill |
| DD004 | 8mm Granite Pin Drill |
| DD005 | 10mm Granite Pin Drill |
| DD006 | 12mm Granite Pin Drill |
| DD007 | 15mm Granite Pin Drill |

Solid Granite Drill Adaptors

Adaptors for use with solid granite pin drills.

| Stock Code | Description |
|------------|--|
| AD006 | Continental Adaptor 1/2" BSP - 10mm |
| AD007 | Diagrit Baby Waterchuck Adaptor - 10mm |
| AD009 | M14 Female - 10mm |

Granite Core Drills M14

Metal bond for granite to be used wet or dry. Will cut holes in materials up to 40mm thick.

| Stock Code | Description |
|------------|------------------------|
| DD086 | 20mm Granite Drill M14 |
| DD087 | 25mm Granite Drill M14 |
| DD089 | 35mm Granite Drill M14 |

Kwik Cut CNC Granite Drill Thin Wall

For use on CNC and semi-automatic machines. Will cut holes in granite at 1mm/sec. Designed for wet use. Cuts up to 45mm thick material. Continental 1/2" BSP fitting.

| Stock Code | Description |
|------------|---|
| DD090 | 14mm Kwik Cut CNC Granite Drill 1/2" BSP Male |
| DD091 | 20mm Kwik Cut CNC Granite Drill 1/2" BSP Male |
| DD092 | 25mm Kwik Cut CNC Granite Drill 1/2" BSP Male |
| DD093 | 30mm Kwik Cut CNC Granite Drill 1/2" BSP Male |
| DD094 | 35mm Kwik Cut CNC Granite Drill 1/2" BSP Male |

Solga Granite Core Breaker

For use with chuck drill. Wet use. Manufactured from the best quality diamond, to drill holes in granite kitchen and bathroom top applications quickly, leaving an excellent finish. Hexagonal shank.

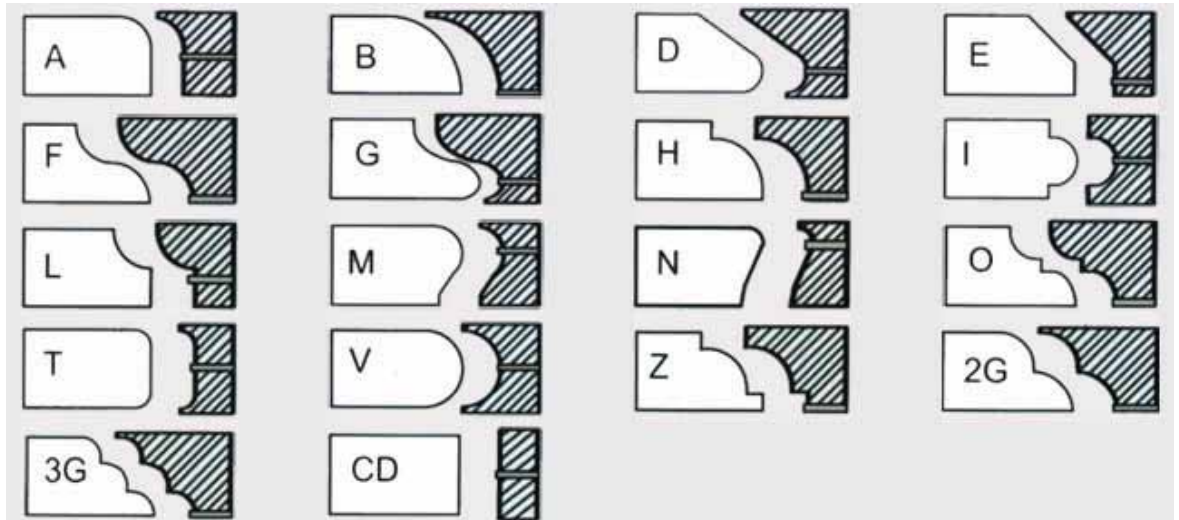

| Stock Code | Description |
|------------|---------------------------------|
| DD060 | 20mm Granite Core Breaker Drill |
| DD061 | 25mm Granite Core Breaker Drill |
| DD062 | 31mm Granite Core Breaker Drill |
| DD063 | 35mm Granite Core Breaker Drill |
| DD064 | 42mm Granite Core Breaker Drill |

Diamond Profiling Tools

Diamond Profile Wheels

A complete range of diamond profiling wheels for both CNC, semi-automatic and manual machines. We are happy to quote for any of your requirements. Standard profiles below, many others available on request.

Adaptors for Manual Machines

By using one of the adaptors with any of OMA's edge profiling tools means they can be used in conjunction with: Ghines, Denver, MPS, Twister and Marmo-Elettromeccanica profiling machines. Specific adaptors fit specific profile shapes and heights, please enquire for further information.

Finger Routers 1/2" BSP

Designed to fit popular CNC and semi-automatic machines for cutting out vanity bowls and shaped holes in granite and marble.

| Stock Code | Description |
|------------|-------------------------------------|
| FBIT001 | 20x40mm Finger Router 1/2" BSP Male |

Antarex Router Bits

Diamond router bits to suit OMA Antarex machine. Segmented cutters for granite and electroplated for marble.

| Stock Code | Description |
|------------|---------------------------------------|
| OMA128 | 40mm Segmented Cutter For Antarex |
| OMA111 | 40mm Electroplated Cutter For Antarex |

Diamond Cores, Fluting & Milling Wheels

Granite Core Drill 1/2" BSP Male

Standard 150mm working length, 1/2" BSP Male. For wet use.

Large selection of additional sizes and lengths available from stock, please enquire for price and availability.

| Stock Code | Description |
|------------|--|
| DD010 | 14x150mm Diamond Core Drill 1/2" BSP Male |
| DD011 | 16x150mm Diamond Core Drill 1/2" BSP Male |
| DD012 | 18x150mm Diamond Core Drill 1/2" BSP Male |
| DD013 | 20x150mm Diamond Core Drill 1/2" BSP Male |
| DD014 | 22x150mm Diamond Core Drill 1/2" BSP Male |
| DD015 | 24x150mm Diamond Core Drill 1/2" BSP Male |

| MW004 | 350x20mm Diamond Milling Wheel |

Electric Polishers

Harbro Standard Wet Polisher 110V

110V Electric polisher with variable speeds and M14 fitting for wet polishing of marble and granite.

Features an electric cutoff and 5mm central water feed.

| | |
|------------|----------|
| Stock Code | MC010A |
| Voltage | 110V |
| Power | 800W |
| Max Disc | 125MM |
| RPM | 500-4500 |
| Weight | |

Harbro Professional Wet Polisher 110V

110V Electric polisher with variable speeds and M14 fitting for wet polishing of marble and granite.

Features an electric cutoff and 5mm central water feed.

| | |
|------------|----------|
| Stock Code | MC090 |
| Voltage | 110V |
| Power | 900W |
| Max Disc | 125MM |
| RPM | 900-2800 |
| Weight | |

L12-3 Flex Polisher

Light weight and easy to use high torque machine. With central water feed.

| | |
|------------|-------|
| Stock Code | MC005 |
| Voltage | 110V |
| Power | 1150W |
| Max Disc | 115mm |
| RPM | 3700 |
| Weight | 2.4Kg |

LE12-3 Flex Polisher

Light weight and easy to use high torque variable speed machine. With central water feed.

| | |
|------------|-----------|
| Stock Code | MC051 |
| Voltage | 110V |
| Power | 1150W |
| Max Disc | 115mm |
| RPM | 1200-3700 |
| Weight | 2.4Kg |

LW1503 Flex Polisher

A compact but powerful workhorse.

| | |
|------------|-------|
| Stock Code | MC049 |
| Voltage | 110V |
| Power | 800W |
| Max Disc | 125mm |
| RPM | 3600 |
| Weight | 2.0Kg |

LW1202 Flex Polisher

A heavy duty machine. With central water feed.

| | |
|------------|-------|
| Stock Code | MC006 |
| Voltage | 110V |
| Power | 1600W |
| Max Disc | 130mm |
| RPM | 1750 |
| Weight | 5.1Kg |

LW802 VR Flex Polisher

A heavy duty variable speed polisher.

With central water feed.

| | |
|------------|----------|
| Stock Code | MC007 |
| Voltage | 110V |
| Power | 1800W |
| Max Disc | 130mm |
| RPM | 800-2400 |
| Weight | 4.3Kg |

Electric Polishers, Drill & Stand

L1503 VR Flex Polisher

A light weight dry polishing machine.

| Stock Code | MC001 | MC002 |
|------------|-----------|-----------|
| Voltage | 110V | 240V |
| Power | 1200W | 1200W |
| Max Disc | 125mm | 125mm |
| RPM | 1200-3700 | 1200-3700 |
| Weight | 1.9Kg | 1.9Kg |

L1506 VR Flex Polisher

A light weight dry Angle Grinder/Polisher

| Stock Code | MC003 | MC004 |
|------------|-----------|-----------|
| Voltage | 110V | 240V |
| Power | 1200W | 1200W |
| Max Disc | 125mm | 125mm |
| RPM | 2200-6800 | 2200-6800 |
| Weight | 1.9kg | 1.9Kg |

FLEX SAFTEY VACUUM 110V

The high-performance turbine ensures both a high suction capacity and a high vacuum. The outcome is an excellent extraction result.

Continuous automatic flat filter cleaning ensures no loss of suction

Safety vacuum cleaner, approved for dust class L, suitable for all dust with OEL value >1 mg/m³

| Stock Code | Description |
|------------|-------------------------|
| MC080 | Flex Safety Vacuum 110V |

Blue Toro 150

Universal motor for heavy duty applications.

1700W motor - 3 gears (930/1520/4270 RPM)

Max Drill : 162mm wet drilling

Tool Fixture - 1/2" BSP Female & 1 1/4" UNC Male

Weight - 6.4kg

Decibel Level: 97DbA

Vibration Level: <1.5m/s²

| Stock Code | Description |
|------------|--------------------------------------|
| TORO 150 | Blue Toro 150 Drill Motor 1700W 110V |

Stabilia Mini Drill Rig

Designed for heavy duty use. Features a back stay for extra stability.

Max Core Drill 150mmØ Weight 9.5kg

Angling 0° - 45°

Overall Height 900mm Drilling Height 650mm

Motor fixing 60mm collar Base Plate Size 380x225mm

| Stock Code | Description |
|--------------|--------------------------------------|
| STABILIA RIG | Stabilia Mini Drill Rig Professional |

Industrial Transformers 240V—110V

Primarily for use when using portable electric tools on outdoor sites.

Manufactured to BS3535

- Thermal overload protection
- Glass reinforced polyester case
- Input flex and 13 amp plug
- Transformer completely encapsulated for extra weatherproofing.

| Stock Code | Description |
|------------|--------------------------------|
| MC031 | 3.3 KVA Industrial Transformer |

Auctor CP99 Profiling Machine

The CP99 is a hydraulic profiling machine for working marble, granite and other natural stone up to a maximum 40mm thickness. Internal lubrication & automatic cooling system. Manual height control and speed regulation from 1000 - 7000 rpm.

Powered by an external 4HP hydraulic motor which in turn removes the need for electricity directly to the work station.

Production: Indicative production is on average 6 mtrs of 30mm full bullnose V30 profile in 60 minutes

Dimensions: 500x300x400 mm

Weight: 16kg

| Stock Code | Description |
|------------|----------------------------------|
| OMA002 | Auctor CP99 Edge Profile Machine |

Antarex Routing Machine

The Antarex is a hydraulic routing machine specifically designed to make the production of vanity tops, tap holes and other intricate work pieces in both an accurate and timely fashion.

Designed to be used in conjunction with remade templates.

Standard cutters available for up to 40mm material.

Internal lubrication and automatic cooling system.

Manual height control and speed regulation from 0 - 40,000 rpm.

Powered by an external 4HP hydraulic motor.

Production: Production on 30mm granite 0.15-0.25mtr/min.

Dimensions: 500x300x400 mm

Weight: 20kg

| Stock Code | Description |
|------------|-------------------------|
| OMA005 | Antarex Cutting Machine |

Vega 4 Heavy Duty Grinder/Polisher

The Vega 4 is a heavy duty hydraulic grinding and polishing machine with both a central water feed and a variable speed control. The Vega 4 is greatly superior to any conventional electric machine in many aspects including power, versatility and durability.

Powered by an external 4HP hydraulic motor.

Dimensions: 360x150x140 mm

Weight: 3kg

| Stock Code | Description |
|------------|-----------------------------------|
| OMA007 | Vega 4 Flexible Polishing Machine |
| OMA008 | Water Base For Vega 4 |

4HP Hydraulic Gear Case

4HP hydraulic gear case which is necessary to power CP99, Antarex or Vega 4. All OMA system machines have quick release fittings which enable the user to freely move from one machine to the next.

| Stock Code | Description |
|------------|-------------------------------------|
| OMA003 | Single Phase 4HP Hydraulic Gearcase |
| OMA004 | Three Phase 4HP Hydraulic Gearcase |

CONDITIONS FOR THE SUPPLY OF GOODS

INTERPRETATION

The definitions and rules of interpretation in this condition apply in these conditions.

Buyer: the person, firm or company who purchases the Goods from Harbro.

Contract: any contract between Harbro and the Buyer for the sale and purchase of the Goods, incorporating these conditions.

Goods: any goods agreed in the Contract to be supplied to the Buyer by Harbro (including any part or parts of them).

Harbro: Harbro Supplies Limited (CRN: 4081856)

1. APPLICATION OF TERMS

1.1 The Contract together with any particulars set out in the Harbro quotation offer shall be on these conditions to the exclusion of all other terms and conditions (including any terms or conditions which the Buyer purports to apply under any purchase order, confirmation of order, specification or other document).

1.2 These conditions apply to all Harbro's sales and any variation to these conditions and any representations about the Goods shall have no effect unless expressly agreed in writing by Harbro.

1.3 Each order or acceptance of a quotation for Goods by the Buyer from Harbro shall be deemed to be an offer by the Buyer to buy Goods subject to these conditions.

1.4 No order placed by the Buyer shall be deemed to be accepted by Harbro until a written acknowledgement of order is issued by Harbro or (if earlier) Harbro delivers the Goods to the Buyer.

1.5 The Buyer shall ensure that the terms of its order and any applicable specification are complete and accurate.

1.6 Any quotation is given on the basis that no Contract shall come into existence until Harbro despatches an acknowledgement of order to the Buyer.

2. PRICE

2.1 Any quotation is subject to acceptance within 30 days only from its date, provided Harbro has not previously withdrawn it and is based upon shipment of the goods as soon as possible.

2.2 The price payable for the goods will be Harbro's current price list for the Goods at the time of delivery. All prices are subject to alteration by Harbro without notice to the buyer. Harbro reserves the right to correct any clerical or typographical errors made by employees at any time.

2.3 The price for the Goods shall be exclusive of any value added tax and all costs or charges in relation to packaging, loading, unloading, carriage and insurance, all of which amounts the Buyer shall pay in addition when it is due to pay for the Goods.

3. TERMS OF PAYMENT

3.1 Unless otherwise specifically agreed in writing, payment for products shall be made 30 days from date of invoice. Time of payment shall be of the essence and no payment shall be deemed to have been received until Harbro has received cleared funds.

3.2 All payments payable to Harbro under the Contract shall become due immediately on its termination despite any other provision.

3.3 The Buyer shall make all payments due under the Contract in full without any deduction whether by way of set-off, counterclaim, discount, abatement or otherwise unless the Buyer has a valid court order requiring an amount equal to such deduction to be paid by Harbro to the Buyer.

3.4 If the Buyer fails to pay Harbro any sum due pursuant to the Contract, the Buyer shall be liable to pay interest to Harbro on such sum from the due date for payment at the annual rate of 3% above the base lending rate from time to time of the Bank of England plc, accruing on a daily basis until payment is made, whether before or after any judgment. Harbro reserves the right to claim interest under the Late Payment of Commercial Debts (Interest) Act 1998.

3.4 Failure to make payment shall also entitle Harbro Supplies Limited to cancel any further deliveries

4. DELIVERY

4.1 Unless otherwise agreed in writing by Harbro, delivery of the Goods shall take place at the delivery address specified by the Buyer (the Delivery Point).

4.2 Any dates specified by Harbro for delivery of the Goods are intended to be an estimate and time for delivery shall not be made of the essence. If no dates are so specified, delivery shall be within a reasonable time.

4.3 Subject to the other provisions of these conditions Harbro shall not be liable for any direct, indirect or consequential loss (all three of which terms include, without limitation, pure economic loss, loss of profits, loss of business, depletion of goodwill and similar loss), costs, damages, charges or expenses caused directly or indirectly by any delay in the delivery of the Goods (even if caused by Harbro's negligence), nor shall any delay entitle the Buyer to terminate or rescind the Contract unless such delay exceeds 180 days.

4.4 If for any reason the Buyer fails to accept delivery of any of the Goods when they are ready for delivery, or Harbro is unable to deliver the Goods on time because the Buyer has not provided appropriate instructions, documents, licences or authorisations:

(a) risk in the Goods shall pass to the Buyer (including for loss or damage caused by Harbro's negligence);

(b) the Goods shall be deemed to have been delivered; and

(c) Harbro may store the Goods until delivery, whereupon the Buyer shall be liable for all related costs and expenses (including, without limitation, storage and insurance).

4.5 The Buyer shall provide at the Delivery Point and at its expense adequate and appropriate equipment and manual labour for loading the Goods.

5. INSPECTION

5.1 The Buyer shall inspect the Goods immediately on delivery and shall notify Harbro, in writing, in the event of:

(a) damage or shortages; within 3 days of delivery of the consignment; or

(b) any other matter or thing by reason whereof the Buyer alleges that the Goods are not in accordance with the Contract; within 14 days of the date of the invoice.

5.2 The quantity of any consignment of Goods as recorded by Harbro on despatch from Harbro's place of business shall be conclusive evidence of the quantity received by the Buyer on delivery unless the Buyer can provide conclusive evidence proving the contrary.

5.3 Harbro shall not be liable for any non-delivery of Goods (even if caused by Harbro's negligence) unless the Buyer gives written notice to Harbro of the non-delivery within 14 days of the date when the Goods would in the ordinary course of events have been received.

5.4 Any liability of Harbro for non-delivery of the Goods shall be limited to replacing the Goods within a reasonable time or issuing a credit note at the pro rata Contract rate against any invoice raised for such Goods.

6. RISK/TITLE

6.1 The Goods are at the risk of the Buyer from the time of delivery.

6.2 Ownership of the Goods shall not pass to the Buyer until Harbro has received in full (in cleared funds) all sums due to it in respect of:

(a) the Goods; and

(b) all other sums which are or which become due to Harbro from the Buyer on any account.

6.3 Until ownership of the Goods has passed to the Buyer, the Buyer shall:

(a) hold the Goods on trust for Harbro;

(b) store the Goods (at no cost to Harbro) separately from all other goods of the Buyer or any third party in such a way that they remain readily identifiable as Harbro's property;

(c) not destroy, deface or obscure any identifying mark or packaging on or relating to the Goods; and

(d) maintain the Goods in satisfactory condition and keep them insured on Harbro's behalf for their full price against all risks to the reasonable satisfaction of Harbro. On request the Buyer shall produce the policy of insurance to Harbro.

6.4 Harbro shall be entitled to recover payment for the Goods notwithstanding that ownership of any of the Goods has not passed from Harbro.

6.5 The Buyer grants Harbro, its agents and employees an irrevocable licence at any time to enter any premises where the Goods are or may be stored by the Buyer in order to inspect them, or, where the Buyer's right to possession has terminated, to recover them.

6.6 On termination of the Contract, howsoever caused, Harbro's (but not the Buyer's) rights contained in this condition 6 shall remain in effect.

7. QUALITY

7.1 Harbro warrants that (subject to the other provisions of these conditions) on delivery the Goods shall:

(a) be of satisfactory quality within the meaning of the Sale of Goods Act 1979;

(b) be reasonably fit for any particular purpose for which the Goods are being bought if the Buyer had made known that purpose to Harbro in writing and Harbro has confirmed in writing that it is reasonable for the Buyer to rely on the skill and judgement of Harbro.

7.2 Harbro shall not be liable for a breach of the warranties in 7.1 unless:

(a) the Buyer gives written notice of the defect to Harbro, and, if the defect is as a result of damage in transit to the carrier, within 14 days of the time when the Buyer discovers or ought to have discovered the defect; and

(b) Harbro is given a reasonable opportunity after receiving the notice of examining such Goods.

7.3 Harbro shall not be liable for a breach of the warranties in 7.1 if:

(a) the Buyer makes any further use of such Goods after giving such notice; or

(b) the defect arises because the Buyer failed to follow Harbro's oral or written instructions as to the storage, installation, commissioning, use or maintenance of the Goods or (if there are none) good trade practice; or

(c) the Buyer alters or repairs such Goods without the written consent of Harbro.

7.4 Subject to condition 7.2 and condition 7.3, if any of the Goods do not conform with any of the warranties in condition 7.1 Harbro shall at its option repair or replace such Goods (or the defective part) or refund the price of such Goods at the pro rata Contract rate.

7.5 If Harbro complies with condition 7.4 it shall have no further liability for a breach of any of the warranties in condition 7.1 in respect of such Goods.

8. LIMITATION OF LIABILITY

8.1 Subject to condition 4, condition 5 and condition 7, the following provisions set out the entire financial liability of Harbro (including any liability for the acts or omissions of its employees, agents and sub-contractors) to the Buyer in respect of:

(a) any breach of these conditions, including any deliberate personal repudiatory breach OR any deliberate breach of these conditions by a party, or its employees, agents or subcontractors;

(b) any use made or resale by the Buyer of any of the Goods, or of any product incorporating any of the Goods; and

(c) any representation, statement or tortious act or omission including negligence arising under or in connection with the Contract.

8.2 All warranties, conditions and other terms implied by statute or common law (save for the conditions implied by section 12 of the Sale of Goods Act 1979) are, to the fullest extent permitted by law, excluded from the Contract.

8.3 Nothing in these conditions excludes or limits the liability of Harbro:

(a) for death or personal injury caused by Harbro's negligence; or

(b) under section 2(3), Consumer Protection Act 1987; or

(c) for any matter which it would be illegal for Harbro to exclude or attempt to exclude its liability; or

(d) for fraud or fraudulent misrepresentation.

8.4 Subject to condition 8.2 and condition 8.3:

(a) Harbro's total liability in contract, tort (including negligence or breach of statutory duty), misrepresentation, restitution or otherwise, arising in connection with the performance or contemplated performance of the Contract shall be limited to the Contract price; and

(b) Harbro shall not be liable to the Buyer for loss of profit, loss of business, or depletion of goodwill in each case whether direct, indirect or consequential, or any claims for consequential compensation whatsoever (howsoever caused) which arise out of or in connection with the Contract.

9. CANCELLATION

9.1 The Buyer may within 14 days of placing an order amend or cancel an order by written notice to Harbro. If the Buyer amends or cancels an order, its liability to Harbro shall be limited to payment to Harbro of all costs reasonably incurred by Harbro in fulfilling the order up until the date of amendment or cancellation, except that, where the amendment or cancellation results from the Harbro's failure to comply with its obligations under the Contract, the Buyer shall have no liability to Harbro in respect of it.

10. ASSIGNMENT

10.1 Harbro may assign the Contract or any part of it to any person, firm or company.

10.2 The Buyer shall not be entitled to assign the Contract or any part of it without the prior written consent of Harbro.

11. FORCE MAJEURE

11.1 Harbro reserves the right to defer the date of delivery or to cancel the Contract or reduce the volume of the Goods ordered by the Buyer (without liability to the Buyer) if it is prevented from or delayed in the carrying on of its business due to circumstances beyond the reasonable control of Harbro including, without limitation, acts of God, governmental actions, war or national emergency, acts of terrorism, protests, riot, civil commotion, fire, explosion, flood, epidemic, lock-outs, strikes or other labour disputes (whether or not relating to either party's workforce), or restraints or delays affecting carriers or inability or delay in obtaining supplies of adequate or suitable materials, provided that, if the event in question continues for a continuous period in excess of 180 days, the Buyer shall be entitled to give notice in writing to Harbro to terminate the Contract.

12. General

12.1 Each right or remedy of Harbro under the Contract is without prejudice to any other right or remedy of Harbro whether under the Contract or not.

12.2 If any provision of the Contract is found by any court, tribunal or administrative body of competent jurisdiction to be wholly or partly illegal, invalid, void, voidable, unenforceable or unreasonable it shall to the extent of such illegality, invalidity, voidness, voidability, unenforceability or unreasonableness be deemed severable and the remaining provisions of the Contract and the remainder of such provision shall continue in full force and effect.

12.3 Failure or delay by Harbro in enforcing or partially enforcing any provision of the Contract shall not be construed as a waiver of any of its rights under the Contract.

12.4 Any waiver by Harbro of any breach of, or any default under, any provision of the Contract by the Buyer shall not be deemed a waiver of any subsequent breach or default and shall in no way affect the other terms of the Contract.

12.5 The parties to the Contract do not intend that any term of the Contract shall be enforceable by virtue of the Contracts (Rights of Third Parties) Act 1999 by any person that is not a party to it.

12.6 This Contract and any dispute or claim arising out of or in connection with it or its subject matter or formation (including non-contractual disputes or claims) shall be governed by and construed in accordance with English law, and the parties submit to the exclusive jurisdiction of the English courts.
