Exclusive to Harbro Supplies Ltd.

Harbro No.24 Strongbond Adhesive

Extremely powerful sealer and adhesive.

Based on hybrid polymer technology.

Seal virtually everything to anything.

Ideal for securing stainless steel dowels and bases during memorial installation.

A product that combines all the advantages of mounting glue, PU glue, wood glue, silicone, sanitary silicone glue, acrylic and butyl rubber cement.

A single component product, which hardens very quickly and has a unique adhesive power.

UV, mould and bacteria resistant.

A glue that hardens without shrinking.

Vibration resistant and stays flexible.

To be used with a 300ml applicator gun.

Omega Sandblast Vinyl Medium Duty

Transparent PVC film ideal for heavy duty sandblasting applications due its 350 micron thickness. A high tack adhesive allowing it to easily adhere to smooth or polished stone. The clear backing and transparent film allows for quick, easy & precise positioning allowing for extremely accurate work. Extremely good for doing a second inscription. Perfectly suited to being cut via computer and machine. Can also easily be cut by hand.

CODE	1+	6+
TAPE065	24" x 20MTRS	£74.18 £70.27

Alpha Sandblast Vinyl Heavy Duty

Transparent PVC film ideal for heavy duty sandblasting applications due its 500 micron thickness. Slightly softer than our Omega sandblast vinyl. A high tack adhesive allowing it to easily adhere to smooth or polished stone. The clear backing and transparent film allows for quick, easy & precise positioning allowing for extremely accurate work. Extremely good for doing a second inscription. Perfectly suited to being cut via computer and machine. Can also easily be cut by hand.

CODE	1+	6+
TAPE070	24" x 10MTRS	£53.56 £50.58

Anchor 116 Rubber Stencil Tape

A high tack computer stencil. 15" features trimmed edges & strong, clear film liner that offers easy alignment and smooth precise running on computerised stencil making machines. The 30" wide tracks only on large pin plotters and the stencil rubber extends to the edge of the liner. High tack adhesive, friction or sprocket fed.

CODE	1+	6+
TAPE003	15" X 10YDS	£114.51 £106.88
TAPE004	30" X 10YDS	£219.71 £205.06

Anchor T226 Rubber Stencil Tape

High-tack blastite is a specially formulated rubber mask that is long lasting and easy to use. Natural flexibility and impact resistance makes it ideal for all substrates where shallow blasting is required. Blastite high tack stencils are coated with an acrylic adhesive. High tack adhesive, hand cut.

CODE	1+	6+
TAPE010	15" X 10YDS	£58.80 £54.60
TAPE011	20" X 10YDS	£73.65 £68.39
TAPE012	25" X 10YDS	£86.38 £80.21

Anchor 125 Rubber Stencil Tape

125 - easy release blue liner. The strength of the adhesive eliminates the need for filler or spray adhesive. High tack adhesive, hand cut.

CODE	1+	6+
TAPE006	25" X 10YDS	£123.11 £144.90

Anchor 155 Rubber Stencil Tape

Similar construction to 153 stencil, except this product has a water based acrylic adhesive, rather than petroleum-based. Rubber is trimmed back 12mm along each edge so the wheels can clamp on the 5mm polyester film liner and carry the stencil. High tack adhesive, friction fed.

Steel Bouchard Hammer Complete

A bush hammer is a masonry tool used to texturise stone. This hammer has a grid of pyramidal points on either side of the head. The repeated impact of these points into stone or concrete creates a rough, pockmarked texture that resembles naturally weathered rock.

The complete hammer has replacement end.

White Rubber Mallet

Tough durable semi-hard white rubber mallet with cylindrical head of special rubber mix. Will not discolour or leave marks on work surfaces and features self-locking handle. Weight 1 3/4lb. Diameter 3in.

CODE	1+	3+
HM053	£12.78	£11.62

Plugs & Feathers (Wedges & Shims)

Used to fracture and split natural stone blocks. A method used in quarrying to reduce large masses of stone to smaller size. By using a hammer drill, a row of shallow holes is made along the line where a break is desired. The feathers consist of two iron strips, flat on one side for contact with the wedge and curved on the other to fit the wall of the drill hole. They are placed in the hole and the plug (a steel wedge) is placed between them. They are struck lightly in succession until a fracture appears.

Plugs & Feathers (Wedges & Shims)

Used to fracture and split natural stone blocks. Manufactured in Italy

Hidrosebina

WATER BASED PROTECTIVE FINISH FOR UNPOLISHED STONE.
Protective finish. Water based emulsion specifically formulated for finishing treatment of unpolished medium, absorbent marble, granite and stone, leaving a partial shine and satin effect look.

CODE	1+	12+	24+	
LANT030	1 LTR	£18.32	£16.57	£15.13

Twinswet

WET LOOK EFFECT.
Ageing effect for marble, stone and untreated granite. A limited protection for medium/high absorbent marble, cobbles tones and veined stones in general. Gives treated surfaces an attractive "wet look" effect and moderate gloss.

CODE	1+	12+	24+	
LANT034	1 LTR	£16.42	£14.86	£13.57

Twinseven

SOLVENT BASED TONE ENHANCER FOR POLISHED SURFACES
Specific composition suitable to the treatment of cracks and microfissures of polished marble & granite in general. Treated surface will become lightly tone-enhanced, polished & protected.

CODE	1+	12+	24+	
LANT024	1 LTR	£15.25	£13.80	£12.59

Twinseven+Nero

ENHANCER WITH BLACK PIGMENT FOR POLISHED SURFACES
Specific composition suitable to the treatment of cracks and microfissures of black polished marble and granite in general. Treated surface will become lightly tone-enhanced, polished and protected.

CODE	1+	12+	24+	
LANT044	1 LTR	£25.62	£23.18	£21.17

Twins.TW - Anti Stain for Polished Stone

ANTI-STAIN PROTECTION FOR POLISHED MARBLE, GRANITE & STONEWARE

Anti-stain treatment specifically developed for polished surfaces in marble, granite and stoneware. TWINS.TW is an excellent water and oil repellent.

CODE	1+	12+	24+	
LANT021	1 LTR	£24.00	£21.71	£19.83

Hidro.TW

WATERBASED ANTI STAIN TREATMENT

Stain protection for untreated marble, granite and stone. Easy to apply water based primer to protect untreated marble, granite and natural stone, against stains, oil and water.

CODE	1+	12+	24+	
LANT018	1 LTR	£22.11	£20.00	£18.26

Twinsebin.M Anti Stain Unpolished Stone

PROTECTION FOR UNPOLISHED MARBLE, STONE & GRANITE
Anti-stain treatment specifically developed for unpolished surfaces in marble, granite and stone.

TWINSEBIN.M is an excellent water and oil repellent, suitable for indoor and outdoor surfaces. It doesn't change the surface colour. Solvent based product. Coverage: 8-10mq/ltr

CODE	1+	12+	24+	
LANT023	1 LTR	£22.74	£20.57	£18.78

Avo Tone Enhancer For Unpolished Stone

PROTECTIVE TONE ENHANCER FOR UNPOLISHED, BUSH HAMMERED & SEMI-POLISHED MARBLE, STONE & GRANITE
Doesn't generate film on the top, it enhances the natural tone of the surface without turning yellow.

AVO is suitable for indoor and covered outdoor surfaces. Solvent-based product. Coverage: 12-15mq/ltr (absorbent surfaces) 20-25mq/ltr (low absorbent surfaces)

CODE	1+	12+	24+	
LANT05	1 LTR	£29.59	£26.78	£24.45

Lantastar - Silicon Wax Enhancer

SILICON WAX
Especially developed to treat polished surfaces in marble, granite. Treated surfaces natural colours and gloss will be enhanced. The product doesn't make film on the top.

CODE	1+	12+	24+	
LANT105	1 LTR	£14.08	£12.73	£11.63

Twinswall

SOLVENT BASED CONSOLIDATOR

Solvent based consolidator for perishing masonry. Coverage: 6-8 mq/ltr

CODE	1+	12+	24+	
LANT041	1 LTR	£12.45	£11.27	£10.28

Hidrobravo

WATER BASED OIL REPELLENT FOR POLISHED SURFACES
Water based oil repellent specifically designed for the anti-stain treatment of polished marble and granite surfaces.
Coverage: 15-18mq/ltr

CODE	1+	12+	24+
LANT019 1 LTR	£23.01	£20.82	£19.01

Twinsrux

WATER BASED RUST REMOVER
Specific detergent for the removal of rust from surfaces in marble, stone and granite. Water-based product.

CODE	1+	12+	24+
LANT016 1 LTR	£5.32	£4.82	£4.40

Twins1740

SOLVENT BASED WATER REPELLENT
Solvent based weather proof repellent to render exposed concrete, porous brick pointing and natural stone. Rapid evaporating product for surfaces with medium porosity.
Coverage: 6-8 mq/ltr

CODE	1+	12+	24+
LANT040 1 LTR	£12.09	£10.94	£9.98

Twinstripper

SOLVENT BASED WAX REMOVER
Water and solvent based wax remover for eliminating layers of wax or acrylic treatment.

Coverage: According to dilution

CODE	1+	12+	24+

Twins2151

WAX/PAINT/OLD TREATMENT REMOVER
Wax and paint remover for eliminating old finishes on terracotta, marble, granite and other natural stones.

CODE	1+	12+	24+
LANT012 1 LTR	£10.02	£9.06	£8.82

Twinspot

SOLVENT BASED OIL STAIN REMOVER
Specific detergent for the removal of oily and greasy stains (oil, butter...) on surfaces in terracotta, stone, stoneware. Easy to use, it guarantees an excellent removal of and tough stain. Solvent based product.

CODE	1+	12+	24+
LANT015 1 LTR	£10.65	£9.63	£8.80

Twinsacido

ACID DETERGENT
Acidic detergent for the removal of saltpetre and cement from terracotta surfaces. Coverage: According to dilution

CODE	1+	12+	24+
LANT014 1 LTR	£6.14	£5.55	£5.06

Luxpowder

POLISHING POWDER
Polishing powder suitable for the final polishing of marble surfaces, marble / cement agglomerate and limestone. It allows to polish the surface quickly, reducing the risk of burning. Coverage: 45-55 mq/ltr

CODE	1+	12+	24+
LANT108 1 LTR	£14.70	£13.50	£14.09

Bravocream

POLISHING MAINTENANCE CREAM
Weekly maintenance treatment to bring the polish back to kitchen surfaces and work pieces for end users. Upkeep emulsion. Specifically manufactured for the upkeep of polished and partially polished worktops. Protects against wear and dirt, for an attractive gloss surface.

CODE	1+	12+	24+
LANT003 250ML	£9.85	£8.95	£6.92

Lantagloss

POLISHING CREAM FOR GRANITE, PORCELAIN STONEWARE AND QUARTZ / RESIN
Thanks to the innovative LANTAGLOSS formulation it allows to recover and polish ceramic, porcelain and quartz / resin surfaces. It can be used to restore worn or scratched areas and is an excellent post-polishing polish. On porcelain stoneware surfaces, in addition to increasing gloss, it considerably delays the penetration of dirt into porosities. Coverage: 30-40 mq/ltr

CODE	1+	12+	24+
LANT109 1 LTR	£20.57	£18.61	£16.99

Harbro Stonebond Vertical 1ltr

Stonebond Vertical Polyester Resin.
Two Part knife grade adhesive for vertical surfaces for filling, bonding and repairs on natural stone. A truly innovative product designed specifically for working natural stone such as marble, granite, onyx and travertine. Stonebond mastics are the result of many years of careful analysis and improvement.

Main characteristics are:
Strong binding powers
Quick hardening
Easy to spread
Can be highly polished and pigmented.

All resin supplied with hardener.

Other profiles available on request

CNC profiling wheels also available on request.

Rhino Radial Arm Polishing System

Developed for rapid surface grinding/polishing of marble and slate faces.
The first two metal bond discs are optional depending on the condition of the marble or slate surface.
When the metal bond discs are used;
The first two stages can then be missed out.
These discs are for wet use.
Have colour coded hook & loop backing.
Diameter 250mm.
Speed 500 to 800 rpm.

Dia-Rap Radial Arm Polishing System

A premium surface grinding and polishing system for most types of granite.
Can be used on a Jenny Lynd and other popular radial arm polishing machines.
These discs are for wet use.
Have colour coded hook & loop backing.
Diameter 250mm. Speed 500 to 800 rpm.

QDM-150W Elite Drill Motor

Universal motor with water feed for heavy duty applications

Input Power	110V 2000W
3 Speed Gearbox	930/1520/4270
Tool Fixture	1/2" BSP F & 1 1/4" UNC M
Weight	6.4KG
Decibel	Level 97 DbA
Vibration Level	<1.5m/s ²
CODE	1+
TORO 150	£807.69

Stabilia Mini Drill Rig

Designed for heavy duty use. Features a back stay for extra stability.

Max Core Drill	50mmØ
Weight	9.5kg
Overall Height	900mm
Drilling Height	650mm
Motor fixing	60mm collar
Base Plate Size	380x225mm
Angling	0° - 45°
CODE	1+
STABILIA RIG	£676.92

QDM-350 Elite Drill Motor

The QDM-350 is a powerful, rig-mounted diamond core drill motor. To be used with cores up to 350mmØ.

This diamond core drill motor has a 3 speed gear box, and a 2.8Kw motor ensuring strength and easy functionality for the user.

Drilling diameter	350mm Wet Drilling
Input Power	110V 2750W
Dimensions	550x155x210mm
No-Load Speeds	450/810/1300 min
Weight	11.5kg
Tool Fixture	1/2" BSP F & 1 1/4" UNC M
Decibel Level	87 DbA
CODE	1+
QDM 350	£1135.00

QDS 250 Drill Stand

The QDS-250 brings a unique dual purpose model to the of drill stands.

It offers a 'Dovetail' quick release drill motor mount but also has the option of adding a quick release 60mm collar to the dovetail for securing handheld drill motors. With a drilling capacity of 250mm and a compactly designed 1 metre high mast, the 250 boasts versatility with a range of motors and in a variety of applications.

CODE	1+
QDS 250	£921.36

110V 25m Extension

Freestanding Robust, heavy duty, steel-framed cable reel with thermal overload and power reset button. Contains 25m of 1.5mm high-quality flex. 2 x 110V industrial 2P+E drum-mounted sockets. Heavy duty, oil and grease-resistant, insulated PVC cable. Maximum load 16A. Cable length 25m.

CODE	1+
MC111	£38.48

240V 25m Extension

Robust, heavy duty, steel-framed cable reel. Thermal overload with power reset button. Cable rewind handle. Heavy duty rubber plug and 4 x 230V drum-mounted sockets. Maximum load 13A. Cable Length 25m.

CODE	1+
MC110	£32.28

**L12-3 Flex Polisher**

Light weight and easy to use high torque machine. With central water feed.

Voltage: 110V
Power: 1150W
Max Disc: 115MM
RPM: 3700RPM
Weight: 2.4KG

PRIME

Prime - Portable Bench Saws

Bridge saw ideal for the building sector suitable for straight and 45° angle cuts of bricks, stones, granite marble and slabs.
 Single phase engine 110V 50Hz 3Hp/2,2 Kw with thermal and amperometrical protection
 Switch with release coil
 Overheat protection with manual reset
 Sliding cutting head and tilting engine
 Adjustable legs
 Adjustable goniometer fence
 350mm Blade Guard
 Water recycling pump type S3

Startup current 35Amps. Requires 5.5kva transformer.

Manual Head Movement

Handwheel for adjusting the movement of the cutting head.
 Both forwards and backwards movement

45 Degree Angle Cuts

The head can be tilted up to 45 Degrees.

Hydraulic Profiling and Router Machines

Auctor CP99 Profiling Machine

The CP99 is a hydraulic profiling machine for working marble, granite & other natural stone up to a maximum 40mm thickness.
Internal lubrication & automatic cooling system.
Manual height control and speed regulation from 1000 - 7000 rpm.
Powered by an external 4HP hydraulic motor which in turn removes the need for electricity directly to the work station.

Production: Indicative production is on average 6 mtrs of 30mm full bullnose V30 profile in 60 minutes
Dimensions: 500x300x400 mm
Weight: 16kg
CODE 1+
OMA002 £3,387.45

Antarex Routing Machine

The Antarex is a hydraulic routing machine specifically designed to make the production of vanity tops, tap holes and other intricate work pieces in both an accurate and timely fashion.
Designed to be used in conjunction with remade templates.
Standard cutters available for up to 40mm material.
Internal lubrication and automatic cooling system.
Manual height control and speed regulation from 0 - 40,000 rpm.
Powered by an external 4HP hydraulic motor.

Production: Production on 30mm granite 0.15-0.25mtr/min.
Dimensions: 500x300x400 mm
Weight: 20kg
CODE 1+
OMA005 £3,950.74

Vega 4 Heavy Duty Grinder/Polisher

The Vega 4 is a heavy duty hydraulic grinding and polishing machine with both a central water feed and a variable speed control.

The Vega 4 is greatly superior to any conventional electric machine in many aspects including power, versatility and durability.
Powered by an external 4HP hydraulic motor.
Dimensions: 360x150x140 mm
Weight: 3kg

CODE 1+
OMA007 VEGA 4 £2,747.28
OMA008 WATER BASE FOR VEGA 4 £ 843.14

4HP Hydraulic Gear Case

4HP hydraulic gear case which is necessary to power CP99, Antarex or Vega 4.
All OMA system machines have quick release fittings which enable the user to freely move from one machine to the next.

Beam Lock

Travel

Adjustable Legs

Adjustable "A" Frame

Aluminium Lifting Gantry Cranes

This aluminium gantry crane is a complete, lightweight and fully customisable portable device designed for lifting loads. The Gantry is ideal for lifting applications in confined spaces.

Supplied as two A-frames, two uprights, four adjustable feet, one beam and one travel. Can be used with manual block and chain, lever hoist or electric hoist.

3m Aluminium Lifting Gantry Crane

Safe Working Load: 1850kg
Support height: 2200-3500mm
Beam length: 3 mtrs
Total weight of Gantry: 105kg

CODE 1+
WE059 £1,595.00

4m Aluminium Lifting Gantry Crane

Safe Working Load: 1500kg
Support height: 2200-3500mm
Beam length: 4 mtrs
Total weight of Gantry: 110kg

CODE 1+
WE060 £1595,00

Block & Chain

Compact and with low dimensions and lifting capacity of 1500kg. The standard lifting height is 3 meters. A high-strength, galvanized load chain for maneuvering your loads. Corrosion protected components. A load pressure brake ensures a secure hold.

CODE 1+
WE068 £233.75

Lifting Slings

For lifting & maneuvering work pieces into position.

Cuturi Pneumatic Hammers

When using these hammers you must follow HAVS (hand arm vibration) regulations. Vibration hazard is determined by the length of exposure, as well as by the level of vibration. An effective risk assessment can only be made by analysing the operator's daily exposure and the work methods. It is compulsory to wear special anti-vibration gloves to CE standard. The operating pressure must not exceed 5 bar. Regular maintenance of the tool is required. Cuturi handbook available upon request.

Cuturi Pneumatic Hammer Size E

Traditional air hammer, manufactured in Italy. Require regular maintenance to reduce vibration levels

CONDITIONS FOR THE SUPPLY OF GOODS

INTERPRETATION

The definitions and rules of interpretation in this condition apply in these conditions.

Buyer: the person, firm or company who purchases the Goods from Harbro.
Contract: any contract between Harbro and the Buyer for the sale and purchase of the Goods, incorporating these conditions.
Goods: any goods agreed in the Contract to be supplied to the Buyer by Harbro (including any part or parts of them).
Harbro: Harbro Supplies Limited (CRN: 4081856)

1. APPLICATION OF TERMS

1.1 The Contract together with any particulars set out in the Harbro quotation offer shall be on these conditions to the exclusion of all other terms and conditions (including any terms or conditions which the Buyer purports to apply under any purchase order, confirmation of order, specification or other document).
1.2 These conditions apply to all Harbro sales and any variation to these conditions and any representations about the Goods shall have no effect unless expressly agreed in writing by Harbro.
1.3 Each order or acceptance of a quotation for Goods by the Buyer from Harbro shall be deemed to be an offer by the Buyer to buy Goods subject to these conditions.
1.4 No order placed by the Buyer shall be deemed to be accepted by Harbro until a written acknowledgement of order is issued by Harbro or (if earlier) Harbro delivers the Goods to the Buyer.
1.5 The Buyer shall ensure that the terms of its order and any applicable specification are complete and accurate.
1.6 Any quotation is given on the basis that no Contract shall come into existence until Harbro despatches an acknowledgement of order to the Buyer.

2. PRICE

2.1 Any quotation is subject to acceptance within 30 days only from its date, provided Harbro has not previously withdrawn it and is based upon shipment of the goods as soon as possible.
2.2 The price payable for the goods will be Harbro's current price list for the Goods at the time of delivery. All prices are subject to alteration by Harbro without notice to the buyer. Harbro reserves the right to correct any clerical or typographical errors made by employees at any time.
2.3 The price for the Goods shall be exclusive of any value added tax and all costs or charges in relation to packaging, loading, unloading, carriage and insurance, all of which amounts the Buyer shall pay in addition when it is due to pay for the Goods.

3. TERMS OF PAYMENT

3.1 Unless otherwise specifically agreed in writing, payment for products shall be made 30 days from date of invoice. Time of payment shall be of the essence and no payment shall be deemed to have been received until Harbro has received cleared funds.
3.2 All payments payable to Harbro under the Contract shall become due immediately on its termination despite any other provision.
3.3 The Buyer shall make all payments due under the Contract in full without any deduction whether by way of set-off, counterclaim, discount, abatement or otherwise unless the Buyer has a valid court order requiring an amount equal to such deduction to be paid by Harbro to the Buyer.
3.4 If the Buyer fails to pay Harbro any sum due pursuant to the Contract, the Buyer shall be liable to pay interest to Harbro on such sum from the due date for payment at the annual rate of 3% above the base lending rate from time to time of the Bank of England plc, accruing on a daily basis until payment is made, whether before or after any judgment. Harbro reserves the right to claim interest under the Late Payment of Commercial Debts (Interest) Act 1998.
3.4 Failure to make payment shall also entitle Harbro Supplies Limited to cancel any further deliveries

4. DELIVERY

4.1 Unless otherwise agreed in writing by Harbro, delivery of the Goods shall take place at the delivery address specified by the Buyer (the Delivery Point).
4.2 Any dates specified by Harbro for delivery of the Goods are intended to be an estimate and time for delivery shall not be made of the essence. If no dates are so specified, delivery shall be within a reasonable time.
4.3 Subject to the other provisions of these conditions Harbro shall not be liable for any direct, indirect or consequential loss (all three of which terms include, without limitation, pure economic loss, loss of profits, loss of business, depletion of goodwill and similar loss), costs, damages, charges or expenses caused directly or indirectly by any delay in the delivery of the Goods (even if caused by Harbro's negligence), nor shall any delay entitle the Buyer to terminate or rescind the Contract unless such delay exceeds 180 days.
4.4 If for any reason the Buyer fails to accept delivery of any of the Goods when they are ready for delivery, or Harbro is unable to deliver the Goods on time because the Buyer has not provided appropriate instructions, documents, licences or authorisations:
(a) risk in the Goods shall pass to the Buyer (including for loss or damage caused by Harbro's negligence);
(b) the Goods shall be deemed to have been delivered; and
(c) Harbro may store the Goods until delivery, whereupon the Buyer shall be liable for all related costs and expenses (including, without limitation, storage and insurance).
4.5 The Buyer shall provide at the Delivery Point and at its expense adequate and appropriate equipment and manual labour for loading the Goods.

5. INSPECTION

5.1 The Buyer shall inspect the Goods immediately on delivery and shall notify Harbro, in writing, in the event of:
(a) damage or shortages: within 3 days of delivery of the consignment; or
(b) any other matter or thing by reason whereof the Buyer alleges that the Goods are not in accordance with the Contract: within 14 days of the date of the invoice.
5.2 The quantity of any consignment of Goods as recorded by Harbro on despatch from Harbro's place of business shall be conclusive evidence of the quantity received by the Buyer on delivery unless the Buyer can provide conclusive evidence proving the contrary.
5.3 Harbro shall not be liable for any non-delivery of Goods (even if caused by Harbro's negligence) unless the Buyer gives written notice to Harbro of the non-delivery within 14 days of the date when the Goods would in the ordinary course of events have been received.
5.4 Any liability of Harbro for non-delivery of the Goods shall be limited to replacing the Goods within a reasonable time or issuing a credit note at the pro rata Contract rate against any invoice raised for such Goods.

6. RISK/TITLE

6.1 The Goods are at the risk of the Buyer from the time of delivery.
6.2 Ownership of the Goods shall not pass to the Buyer until Harbro has received in full (in cleared funds) all sums due to it in respect of:
(a) the Goods; and
(b) all other sums which are or which become due to Harbro from the Buyer on any account.
6.3 Until ownership of the Goods has passed to the Buyer, the Buyer shall:
(a) hold the Goods on trust for Harbro;
(b) store the Goods (at no cost to Harbro) separately from all other goods of the Buyer or any third party in such a way that they remain readily identifiable as Harbro's property;
(c) not destroy, deface or obscure any identifying mark or packaging on or relating to the Goods; and
(d) maintain the Goods in satisfactory condition and keep them insured on Harbro's behalf for their full price against all risks to the reasonable satisfaction of Harbro. On request the Buyer shall produce the policy of insurance to Harbro.
6.4 Harbro shall be entitled to recover payment for the Goods notwithstanding that ownership of any of the Goods has not passed from Harbro.
6.5 The Buyer grants Harbro, its agents and employees an irrevocable licence at any time to enter any premises where the Goods are or may be stored by the Buyer in order to inspect them, or, where the Buyer's right to possession has terminated, to recover them.
6.6 On termination of the Contract, howsoever caused, Harbro's (but not the Buyer's) rights contained in this condition 6 shall remain in effect.

7. QUALITY

7.1 Harbro warrants that (subject to the other provisions of these conditions) on delivery the Goods shall:
(a) be of satisfactory quality within the meaning of the Sale of Goods Act 1979;
(b) be reasonably fit for any particular purpose for which the Goods are being bought if the Buyer had made known that purpose to Harbro in writing and Harbro has confirmed in writing that it is reasonable for the Buyer to rely on the skill and judgement of Harbro.
7.2 Harbro shall not be liable for a breach of the warranties in 7.1 unless:
(a) the Buyer gives written notice of the defect to Harbro, and, if the defect is as a result of damage in transit to the carrier, within 14 days of the time when the Buyer discovers or ought to have discovered the defect; and
(b) Harbro is given a reasonable opportunity after receiving the notice of examining such Goods.
7.3 Harbro shall not be liable for a breach of the warranties in 7.1 if:
(a) the Buyer makes any further use of such Goods after giving such notice; or
(b) the defect arises because the Buyer failed to follow Harbro's oral or written instructions as to the storage, installation, commissioning, use or maintenance of the Goods or (if there are none) good trade practice; or
(c) the Buyer alters or repairs such Goods without the written consent of Harbro.
7.4 Subject to condition 7.2 and condition 7.3, if any of the Goods do not conform with any of the warranties in condition 7.1 Harbro shall at its option repair or replace such Goods (or the defective part) or refund the price of such Goods at the pro rata Contract rate.
7.5 If Harbro complies with condition 7.4 it shall have no further liability for a breach of any of the warranties in condition 7.1 in respect of such Goods.

8. LIMITATION OF LIABILITY

8.1 Subject to condition 4, condition 5 and condition 7, the following provisions set out the entire financial liability of Harbro (including any liability for the acts or omissions of its employees, agents and sub-contractors) to the Buyer in respect of:
(a) any breach of these conditions, including any deliberate personal repudiatory breach OR any deliberate breach of these conditions by a party, or its employees, agents or subcontractors;
(b) any use made or resale by the Buyer of any of the Goods, or of any product incorporating any of the Goods; and
(c) any representation, statement or tortious act or omission including negligence arising under or in connection with the Contract.
8.2 All warranties, conditions and other terms implied by statute or common law (save for the conditions implied by section 12 of the Sale of Goods Act 1979) are, to the fullest extent permitted by law, excluded from the Contract.
8.3 Nothing in these conditions excludes or limits the liability of Harbro:
(a) for death or personal injury caused by Harbro's negligence; or
(b) under section 2(3), Consumer Protection Act 1987; or
(c) for any matter which it would be illegal for Harbro to exclude or attempt to exclude its liability; or
(d) for fraud or fraudulent misrepresentation.
8.4 Subject to condition 8.2 and condition 8.3:
(a) Harbro's total liability in contract, tort (including negligence or breach of statutory duty), misrepresentation, restitution or otherwise, arising in connection with the performance or contemplated performance of the Contract shall be limited to the Contract price; and
(b) Harbro shall not be liable to the Buyer for loss of profit, loss of business, or depletion of goodwill in each case whether direct, indirect or consequential, or any claims for consequential compensation whatsoever (howsoever caused) which arise out of or in connection with the Contract.

9. CANCELLATION

The Buyer may within 14 days of placing an order amend or cancel an order by written notice to Harbro. If the Buyer amends or cancels an order, its liability to Harbro shall be limited to payment to Harbro of all costs reasonably incurred by Harbro in fulfilling the order up until the date of amendment or cancellation, except that, where the amendment or cancellation results from the Harbro's failure to comply with its obligations under the Contract, the Buyer shall have no liability to Harbro in respect of it.

10. ASSIGNMENT

10.1 Harbro may assign the Contract or any part of it to any person, firm or company.
10.2 The Buyer shall not be entitled to assign the Contract or any part of it without the prior written consent of Harbro.

11. FORCE MAJEURE

Harbro reserves the right to defer the date of delivery or to cancel the Contract or reduce the volume of the Goods ordered by the Buyer (without liability to the Buyer) if it is prevented from or delayed in the carrying on of its business due to circumstances beyond the reasonable control of Harbro including, without limitation, acts of God, governmental actions, war or national emergency, acts of terrorism, protests, riot, civil commotion, fire, explosion, flood, epidemic, lock-outs, strikes or other labour disputes (whether or not relating to either party's workforce), or restraints or delays affecting carriers or inability or delay in obtaining supplies of adequate or suitable materials, provided that, if the event in question continues for a continuous period in excess of 180 days, the Buyer shall be entitled to give notice in writing to Harbro to terminate the Contract.

12. General

12.1 Each right or remedy of Harbro under the Contract is without prejudice to any other right or remedy of Harbro whether under the Contract or not.
12.2 If any provision of the Contract is found by any court, tribunal or administrative body of competent jurisdiction to be wholly or partly illegal, invalid, void, voidable, unenforceable or unreasonable it shall to the extent of such illegality, invalidity, voidness, voidability, unenforceability or unreasonableness be deemed severable and the remaining provisions of the Contract and the remainder of such provision shall continue in full force and effect.
12.3 Failure or delay by Harbro in enforcing or partially enforcing any provision of the Contract shall not be construed as a waiver of any of its rights under the Contract.
12.4 Any waiver by Harbro of any breach of, or any default under, any provision of the Contract by the Buyer shall not be deemed a waiver of any subsequent breach or default and shall in no way affect the other terms of the Contract.
12.5 The parties to the Contract do not intend that any term of the Contract shall be enforceable by virtue of the Contracts (Rights of Third Parties) Act 1999 by any person that is not a party to it.
12.6 This Contract and any dispute or claim arising out of or in connection with it or its subject matter or formation (including non-contractual disputes or claims) shall be governed by and construed in accordance with English law, and the parties submit to the exclusive jurisdiction of the English courts.
