Everbuild Industrial Superglue

Everbuild Industrial Superglue is a medium viscosity formula that fills gaps up to 0.1mm. It's ideal for perfect-fit surfaces where a fast set is needed, offering high strength for industrial use. It bonds non-porous materials

such as plastics, metals, glass, PVCu, rubber, and EPDM. With a viscosity of 100cps at 25°C and a set time of 5–15 seconds, it ensures quick, professional results. Supplied in a 50g bottle. Once cured, it can be drilled, sanded, or painted.

Code		1+	12+
RE061		£1.95	£1.76

Arboreal Black 12x3mm Strip

Arboreal GZ is a flat section, preformed butyl strip. It deforms under moderate pressure and has appreciable surface tack and recovery. For the temporary fixing of memorials in the showroom in conjunction with additional support. Tape size: 12 x 3mm.

Code		1+	5+
SU080	Pack of 4	£37.48	£34.43

Rapid Epoxy

An industrial strength, two part clear adhesive which sets hard in just 4 minutes. Ideal for securing photo ceramics. Will bond metals, crockery, glass, wood, concrete, rubber, fabrics, crystal, jewellery and various hard plastics. Once cured may be drilled, sanded or painted.

Code		1+	12+
RE051	2 x 12ml tube	£3.21	£2.87
RE052	24ml syringe	£9.56	£8.88

Loctite Super Glue Liquid Precision

Loctite Super Glue Liquid Precision is specially designed for accuracy, featuring an anti-clog cap and an extra-long nozzle for precise, hard-to-reach applications. It delivers instant strength with just a single drop, using

advanced cyanoacrylate technology to ensure a strong, long-lasting bond. The transparent formula dries quickly and cleanly, making it ideal for delicate repairs where appearance matters.

Code		1+	12+
RE060		£4.67	£4.27

ADHESIVES & DEGREASER

Harbro No.24 Strongbond Adhesive

Extremely powerful sealer and adhesive. Based on hybrid polymer technology. Seal virtually everything to anything. Ideal for securing stainless steel dowels and bases during memorial installation. A product that combines all the advantages of mounting glue, PU glue, wood glue, silicone, sanitary silicone glue, acrylic and butyl rubber cement. A single component product, which hardens very quickly and has a unique adhesive power. UV, mould and bacteria resistant. A glue that hardens without shrinking. Vibration resistant and stays flexible. To be used with a 300ml applicator gun.

Code	1+	12+
RE014 BLACK	£10.85	£9.95
RE017 CLEAR	£10.85	£9.95

Memfix Chemical Ancho

Ideal for fixing plain and threaded stainless doweling A high performance rapid curing two-part chemical anchoring system based on a modified epoxy acrylate resin. This resin combines ease of use with high tensile strength. Applied in one single action. High chemical resistance. Medium & heavy duty applications. High versatility rapid curing resin. Fixing in natural stone, concrete, wood and other high strength materials. Styrene free, low odour suitable for both indoor and outdoor use. To be used with a 380ml applicator gun.

Code	1+	12+
RE030 MEMFIX	£15.73	£12.50
SU067 SPARE NOZZLE (PACK OF 5)	£4.43	£4.14

Harbro Profi Cleaner

This high-performance medical alcohol degreaser is formulated for fast, efficient cleaning with extremely rapid evaporation, making it ideal for time-sensitive applications. Designed to deliver excellent shifting power, it effectively breaks down and lifts away dirt, grease, and other contaminants from a wide range of surfaces. Its powerful grease-dissolving action ensures thorough cleaning without leaving behind any residue, making it suitable for precision work in medical, industrial, or technical environments. Supplied in a convenient 500ml spray bottle for easy and controlled application.

Code	1+	12+

Measure Mate Tape (in boxes of 12)

Rugged rubber-grip case, blade-lock, brake and auto return. Double-riveted tip with wraparound reinforcement. Durable, coated blade. Measures both internal and external lengths. Easy to read graduation marks with highlighted joist marks

Code		1+	3+
MAS033	30 x 3mtr tape	£35.50	£30.50
MAS068	30 x 5mtr tape	£38.95	£36.00

Tungsten Scriber

Octagon steel body for ease of use. Incorporating a sharp tungsten point. For scoring lines onto stone surfaces.

Code	1+	5+
MAS042	£19.60	£16.96

Template Material Matt Transparent

CPVC flexible sheet for production of templates. Completely impervious to water, oils and fats. Suitable for use both on site and in the workshop. It has a smooth slightly matt finish and is easy to be written on with marker or pencil. Template Material can easily be cut with scissors or knife. 1200mm x 50m.

Code	1+	3+
TEMP001	£395.00	£379.00

Trammel Head (Eclipse)

Supplied as a pair for efficient and convenient means of laying out the distance between two points and scribing arcs & circles. To be used in conjunction with any wood off cut between $\frac{3}{4}$ " (20mm) and $1\frac{1}{2}$ " (45mm) wide.

Code	1+	3+
MAS045	£77.76	£72.32

Box Trammel

For scoring lines parallel to square edges of stone blocks.

Code	1+	3+
MAS044	£71.80	£65.93

Moore & Wright Masons Depth Gauge

Can be used to quickly obtain measurements adjusting the rule to the required depth. The gauge consists of a hardened steel head complete with locking nut and an accurate machine divided tempered steel rule. Depth range 0-150mm.

Code	1+	3+
MAS046	£44.87	£40.94

Omnigraph Crayons

For opaque marking on almost all surfaces even on dark or transparent e.g. paper, plastic, metal, glass, wood, and stone. Also for use on wet wood. Waterproof. Length 113 mm, hexagonal shape Crayon diameter approx. 12 mm.

Code	1+	6+
MAS210 BLACK	£22.32	£20.35
MAS211 WHITE	£16.03	£14.69
MAS212 RED	£16.03	£14.69

Cosmic Crayons

Crosshouse Glass and Rubber soft, waterproof marking crayons for marking out jobs on natural stone. Supplied in boxes of 12.

1 Shot Flattening Paste 946ml

Clear flattening paste is a varnish additive which changes 1 SHOT lettering enamels and chromatic bulletin colours in a range from just off gloss to matte by adding gradual amounts.

Code		1+	6+
ONE054		£43.43	£39.75

Ardenbrite Protective Glaze 500ml

Ardenbrite Protective Glaze is an advanced quick drying and hard wearing clear gloss coating used to protect metallic paint in external applications. Recently improved, it prevents 'yellowing', tarnishing and provides outstanding resistance in all weather conditions. Excellent UV protection.

Code		1+	3+
PNT001		£38.66	£35.21

GOLDFARBEN PAINTS

Exceptional Brilliance. Built to Last.

Goldfarben's unique range of paints has been developed by Grant Penfield, a respected figure in the printing industry with over 40 years of experience in ink formulation. His passion for colour has taken him across the globe in pursuit of the finest raw materials and techniques. Renowned for his work in neon and metallic coatings now used worldwide, Grant brings that same level of expertise and innovation to Goldfarben.

Crafted for Memorial Stone Professionals

Specially developed to deliver unmatched brilliance and durability, Goldfarben paints are ideal for gold lettering on memorial stones and any application where traditional finishes may fade or tarnish. Resistant to severe weathering and ageing, these paints maintain a bright, sparkling gold effect for years to come.

- ✓ Exceptional brush-ability and smooth application
- ✓ Superior coverage and outstanding rub-resistance
- ✓ Brighter, longer-lasting gold brilliance

Craig's Gold - A Legacy in Colour

In memory of his younger brother Craig, who sadly passed away in 2017, Grant set out to create something meaningful. Collaborating closely with Craig's memorial mason, he developed a gold paint that could rival the richness and radiance of genuine gold leaf—while also offering enhanced durability and longevity. After years of research and refinement, Craig's Gold was born: a paint that not only delivers exceptional brilliance but also carries deep personal significance and a lasting tribute to Craig's legacy.

More than just Gold

While Craig's Gold is renowned for its exceptional gold brilliance, the Goldfarben range goes far beyond a single shade. It also includes striking tones of white, black, red, blue, and yellow—each formulated with the same commitment to quality. These colours can be easily mixed to create virtually any custom hue or shade, giving memorial masons and craftspeople the flexibility to match or enhance a wide variety of stonework and design requirements.

Application Options

Goldfarben paints are designed to suit a range of techniques:

- ✓ Can be brushed directly for precision detailing
- ✓ Can be sprayed or airbrushed — when airbrushing, simply thin with white spirit to achieve the correct consistency for your equipment

Craig's Gold Leaf

Craig's Gold Leaf is a breakthrough gold paint, specially developed for memorial and other stonemasonry applications. It offers long-lasting levels of brilliance and colour retention that until now, only gold leaf could fulfil, with several distinct advantages over gold leaf:

- No need to move stones to workshops – can be applied outside, in most weather conditions
- Easily and quickly reaches all parts, including the sides and deep into the base of the letters
- Robust, withstands knocks, multiple cleanings and accidental mishandling
- Easier and faster to apply - formulated for brushing or spraying
- Significantly lower cost

23.5C Gold Leaf Touch Up

A high-quality gold paint that perfectly matches loose or transfer gold leaf, allowing you to conveniently and invisibly touch up existing gilding at a fraction of the cost.

Craig's Silver Leaf

A breakthrough coating, specially developed for memorial and other stonemasonry applications. It offers long-lasting levels of silver brilliance and colour retention.

Craig's Fine Silver

A darker shade to Craig's Silver Leaf, developed for memorial and stonemasonry use. It offers long-lasting brilliance and colour retention.

Craig's Bronze

Features an opulent metallic finish, ideal for memorial masonry and grave decoration. Specially developed to withstand weathering, it maintains depth and impact over time.

Craig's Mirror Black

A high-gloss black paint that retains its mirror-like finish, even in harsh weather. Ideal for memorial lettering and other exposed applications.

Craig's Brilliant White

Delivers a pure, glowing white ideal for headstone inscriptions, offering fast drying, lasting durability, and excellent weather resistance.

Craig's Brilliant Blue

Essential for masons seeking standout results. Ideal for flat plaques, it resists rain, debris, and residue, staying bright and resilient over time.

Craig's Brilliant Red

Ideal for masons wanting standout results. Perfect for flat plaques, it resists weathering and remains bright and durable.

Craig's Brilliant Yellow

Offers a vibrant, warm finish for headstone inscriptions, with fast drying, lasting durability, and excellent weather resistance.

Craig's Silver Blue

A bright, lustrous coating for memorial lettering, offering strong adhesion, weather resistance, and long-lasting opalescent colour - especially effective on flat plaques.

Craig's Ruby Red

Craig's Ruby Red is a vivid, iridescent blood-red paint symbolising love, passion, and power. Specially formulated for memorial lettering, it resists weathering and retains its rich finish. Highly versatile, it adheres well to most surfaces and performs especially well on flat plaques.

Omega Sandblast Vinyl Medium Duty

Transparent PVC film ideal for heavy duty sandblasting applications due to its 350 micron thickness. A high tack adhesive allowing it to easily adhere to smooth or polished stone. The clear backing and transparent film allows for quick, easy & precise positioning allowing for extremely accurate work. Extremely good for doing a second inscription. Perfectly suited to being cut via computer and machine. Can also easily be cut by hand.

Code	1+	6+
TAPE065 24" x 20 Mtrs	£98.85	£95.31

Alpha Sandblast Vinyl Heavy Duty

Transparent PVC film ideal for heavy duty sandblasting applications due to its 500 micron thickness. Slightly softer than our Omega sandblast vinyl. A high tack adhesive allowing it to easily adhere to smooth or polished stone. The clear backing and transparent film allows for quick, easy & precise positioning allowing for extremely accurate work. Extremely good for doing a second inscription. Perfectly suited to being cut via computer and machine. Can also easily be cut by hand.

Code	1+	6+
TAPE070 24" x 10 Mtrs	£77.75	£72.79

Anchor 116 Rubber Stencil Tape

A high tack computer stencil. 15" features trimmed edges & a strong, clear film liner that offers easy alignment and smooth, precise running on computerised stencil making machines. The 30" wide tracks only on large pin plotters and the stencil rubber extends to the edge of the liner. High tack adhesive, friction or sprocket fed.

Code	1+	6+
TAPE003 15" x 10yds	£194.88	£180.36
TAPE004 30" x 10yds	£285.63	£277.10

Anchor T226 Rubber Stencil Tape

High-tack blastite is a specially formulated rubber mask that is long lasting and easy to use. Natural flexibility and impact resistance makes it ideal for all substrates where shallow blasting is required. Blastite high tack stencils are coated with an acrylic adhesive. High tack adhesive, hand cut.

Code	1+	6+
TAPE010 15" x 10yds	£109.05	£99.97
TAPE011 20" x 10yds	£131.69	£119.54
TAPE012 25" x 10yds	£153.75	£139.97

Anchor 125 Rubber Stencil Tape

125 – easy release blue liner. The strength of the adhesive eliminates the need for filler or spray adhesive. High tack adhesive, hand cut.

Code	1+	6+
TAPE006 25" x 10yds	£195.38	£189.55

Anchor 155 Rubber Stencil Tape

Similar construction to 153 stencil, except this product has a water based acrylic adhesive, rather than petroleum-based. Rubber is trimmed back 12mm along each edge so the wheels can clamp on the 5mm polyester film liner and carry the stencil. High tack adhesive, friction fed.

Code	1+	6+
TAPE008 19 7/8" x 10yds	£269.34	£249.24
TAPE009 24" x 10yds	£313.58	£299.11

Paper Masking Tape - GP Intertape 514

High quality branded paper masking tape with good adhesive properties and does not leave behind residue when removed.

Code	1+	36+

LEW004	2000kg 36mm hole	£569.25	£535.00

Plugs & Feathers (Wedges & Shims)

Used to fracture and split natural stone blocks. A method used in quarrying to reduce large masses of stone to smaller size. By using a hammer drill, a row of shallow holes is made along the line where a break is desired. The feathers consist of two iron strips, flat on one side for contact with the wall of the drill hole. They are placed in the hole and the plug (a steel wedge) is placed between them. They are struck lightly in succession until a fracture appears.

Plugs & Feathers (Wedges & Shims)

Used to fracture and split natural stone blocks. Manufactured in Italy.

Code		1+	6+
PL001	75 x 16mm	£42.15	£36.47

Medium Density M14 Backing Pad

12mm thick moulder PUR. Hook & loop backing

Code	1+	3+
BPAD043 125mm	£19.19	£17.35

Hard Plastic M14 Backing Pad

Hard rigid backing pad Hook & loop backing.

Code	1+	3+
BPAD009 100mm	£9.72	£7.60
BPAD010 125mm	£14.51	£12.60

SS Super XM M14 Backing Pad

For use with silicon carbide plain backed paper discs.

Code	1+	3+
BPAD016 125mm	£17.66	£16.02

Flexible Rubber M14 Backing Pad

Flexible rubber backing pad. Hook & loop backing.

Code	1+	3+
BPAD011 100mm	£9.97	£8.82
BPAD012 125mm	£12.94	£11.19

Thin Body M14 Backing Pad

Fairly rigid, no foam layer. Hook & loop backing.

Code	1+	3+
BPAD007 100mm	£14.86	£13.57
BPAD008 125mm	£16.43	£14.94

Nylon Backing Pad

Pad height 20mm. The pad is smaller to allow wear of the abrasive disc s. Soft flexible backing pad suitable for angle grinder.

Code	1+	3+
BPAD025 100mm M10	£5.22	£4.72
BPAD026 115mm M14	£8.25	£7.33
BPAD027 125mm M14	£9.25	£7.81
BPAD028 178mm M14	£18.25	£11.59

EVA Extra Grip M14 Backing Pad

5mm EVA Foam. Extra strong hook & loop backing.

Code	1+	3+
BPAD004A 100mm	£10.24	£7.91

Ultra Soft Hook & Loop Backing Pad

125mm (5"), ultra soft, backing pad with M14 fitment for rotary polishers. 25mm foam interface, can withstand a maximum of 12,250rpm.

Code	1+	3+
BPAD002C 125mm	£16.92	£15.44

Nylon Backing Pad

Pad height 20mm. The pad is smaller to allow wear of the abrasive discs. Medium flexible backing pad suitable for angle grinder.

Code	1+	3+
BPAD027A 125mm	£8.78	£7.93
BPAD028A 178mm	£19.60	£17.27
BPAD029 230mm	£22.02	£19.89

10mm EVA Foam M14 Backing Pad

10mm EVA foam. Ideal for countoured surfaces. Hook & loop backing.

Code	1+	3+
BPAD001B 100mm	£18.00	£16.31
BPAD002B 125mm	£23.57	£20.16

Aluminium M14 Backing Pad

Strong rigid aluminium. Hook & loop backing

Code	1+	3+
BPAD045 100mm	£24.95	£20.70
BPAD046 125mm	£28.16	£24.55

25mm EVA Foam M14 Backing Pad

25mm EVA foam. Ideal for countoured surfaces Hook & loop backing.

Code	1+	3+
BPAD001A 100mm	£12.18	£10.67
BPAD002A 125mm	£31.44	£24.52

Q/R Snail Foam Backing Pad

Quick release to hook and loop backing pad Red - 10mm EVA foam ideal for contoured surfaces. Neutral - Rigid

Code	1+	3+
BPAD015 100mm Foam	£20.57	£19.27
BPAD013 100mm Rigid	£20.27	£16.99

AX SUPER XM M14 Backing Pad

15mm thick medium density. Extra strong hook and loop backing.

Code	1+	3+
BPAD001 100mm	£16.35	£14.92
BPAD002 125mm	£19.64	£17.86
BPAD003 150mm	£20.29	£18.51

Rigid Extra Grip M14 Backing Pad

3mm thick rigid backing pad. Extra strong hook and loop backing

Code		1+	3+
BPAD004	100mm	£15.25	£13.77
BPAD005	125mm	£15.70	£14.20

Munchen Backing Plate 250mm

Backing plate to accept 5 munchen segments. This attaches to the polishing machines backing plate using a bolting system. The machines plates may need to be drilled to accommodate the backing pads.

Code		1+	3+
BPAD036		£138.27	£123.39

Frankfurt Backing Plate 250mm

Backing plate to accept 3 frankfurt segments. This attaches to the polishing machines backing plate using a bolting system. The machines plates may need to be drilled to accommodate the backing pads.

Code		1+	3+
BPAD035		£213.24	£192.77

250mm Hook & Loop Backing Plate

Backing plate for use with velcro backed discs to suit radial arm polishing machines.

Code		1+	3+
DRAP017A	250mm QRS Adaptor	£176.42	£160.95

QR Felt Wheels

High density felt circle for the application of polishing compounds. With quick release snail fitting.

Code		1+	5+
RU017	100mm straight	£37.03	£33.69
RU018	100/130mm tapered	£55.31	£51.19

100mm Velcro Felt Pad

Loop velcro backed dense felt disc. Designed specifically to hold up to the acidic contents of most polishing compounds and the heat that is typically generated during the final polishing process. Use with marble and granite polishing compound.

Code		1+	5+
RU011		£24.64	£22.23

Felt Donut Polishing

Felt mop for the application of polishing and buffing compounds and waxes on natural stones. 25mm thick with M14 fitting.

Code		1+	5+
RU002	125mm	£20.90	£19.06
RU002A	125mm Flexipad	£31.54	£29.11

Lambs Wool Bonnet

Premium tie-on polishing bonnet. Made from pure 100% sheepskin which is more durable than fabric backed bonnets.

Code		1+	3+
RU013	125mm	£6.78	£4.66
RU014	178mm	£16.68	£14.79

Q/R Adaptor Plate

Aluminium face to accept quick release fitting attachment. Black rubber mounting on the back. Fixture M14, M24 or 3/4" BSP.

Code		1+	3+
BPAD030	Q/R - M14	£64.01	£58.19
BPAD031	Q/R - M24	£64.01	£58.19
BPAD033	Q/R - 5/8 UNC	£62.38	£56.92

Anti-Vibration Coupling

Brass inner and outer with rubber coupling. Placed between polisher and backing pad. Protects the bearings and prolongs the life of the machine.

Code		1+	3+
BPAD034	M14-M14	£66.21	£59.61

LANTANIA
PROTETTIVI PER SUPERFICI

Lantania Kit Bravo - Care Kit

Bravo is the new ecological kit, which is easy to use. To help the user to maintain their polished marble or granite work top.

Code	1+	6+
LANT042 1 LTR	£20.60	£18.73

Twinsebin.M Anti Stain Unpolished Stone

PROTECTION FOR UNPOLISHED MARBLE, STONE & GRANITE.

Anti-stain treatment specifically developed for unpolished surfaces in marble, granite and stone. TWINSEBIN.M is an excellent water and oil repellent, suitable for indoor and outdoor surfaces. It doesn't significantly alter the stone's color. Solvent based product. Coverage: 8-10mq/ltr.

Code	1+	12+
LANT023 1 LTR	£34.73	£32.13

Lantashine - Silicon Wax Enhancer

SILICON WAX.

Especially developed to treat polished surfaces in marble, granite. Treated surfaces natural colours and gloss will be enhanced. The product doesn't make film on the top. Solvent-based product. Coverage: 30-40mq/ltr.

Code	1+	12+
LANT105 1 LTR	£15.55	£14.81

Twins.TW - Anti Stain for Polished Stone

ANTI-STAIN PROTECTION FOR POLISHED MARBLE, GRANITE & STONEWARE.

Anti-stain treatment specifically developed for polished surfaces in marble, granite and stoneware. TWINS.TW is an excellent water and oil repellent. Solvent-based product Coverage: 15-18mq/ltr.

Code	1+	12+
LANT021 1 LTR	£37.16	£34.38

Hidro.TW

WATERBASED ANTI STAIN TREATMENT.

Stain protection for untreated marble, granite and stone. Easy to apply water based primer to protect untreated marble, granite and natural stone, against stains, oil and water. Coverage: 8-10 mq/ltr.

Code	1+	12+
LANT018 1 LTR	£29.63	£25.93

Gel Wash

WATER BASED DETERGENT FOR SMOG REMOVAL.

Water based gelatinous detergent for the removal of smog/carbon monoxide residue on marble, granite and stone. Coverage: 4-5 mq/ltr.

Code	1+	12+
LANT005 1 LTR	£9.32	£8.63

Avo Tone Enhancer For Unpolished Stone

PROTECTIVE TONE ENHANCER FOR UNPOLISHED, BUSH HAMMERED & SEMI-POLISHED MARBLE, STONE & GRANITE.

Doesn't generate film on the top, it enhances the natural tone of the surface without turning yellow. AVO is suitable for indoor and covered outdoor surfaces. Solvent-based product
Coverage: 12-15mq/ltr (absorbent surfaces)
20-25mq/ltr (low absorbent surfaces).

Code	1+	12+
LANT057 1 LTR	£38.70	£34.40

Hidrosebin

WATER BASED PROTECTIVE FINISH FOR UNPOLISHED STONE.

Protective finish. Water based emulsion specifically formulated for finishing treatment of unpolished medium, absorbent marble, granite and stone, leaving a partial shine and satin effect look. Makes upkeep easier.
Coverage: 13-15 mq/ltr.

Code	1+	12+
LANT030 1 LTR	£19.76	£17.78

Pal 4 - Alkaline Detergent

ALKALINE DETERGENT.

Alkaline detergent specifically developed for the removal of organic dirt. It is particularly suitable to clean unpolished, sandblasted, bush hammered surfaces, which have been damaged by trampling and wear. Coverage: According to dilution.

Code	1+	12+
LANT047 1 LTR	£10.54	£9.75
LANT010 5 LTR	£47.49	£50.20

Twinswall

SOLVENT BASED CONSOLIDATOR.

Solvent based consolidator for perishing masonry. Coverage: 6-8 mq/ltr.

Code	1+	12+
LANT041 1 LTR	£12.89	£11.97

Hidrobravo

WATER BASED OIL REPELLENT FOR POLISHED SURFACES.

Water based oil repellent specifically designed for the anti-stain treatment of polished marble and granite surfaces. Coverage: 15-18mq/ltr.

LANT019 1 LTR	£24.56	£22.08

Detertwins - Neutral Detergent

NEUTRAL DETERGENT.

Neutral detergent suitable for daily cleaning of any type of surface such as terracotta, marble, granite, stone. It gently cleans leaving a pleasant, longer lasting perfume. There's no need to rinse. Coverage: According to dilution.

Code	1+	12+
LANT002 1 LTR	£7.94	£7.51

Twinswet

WET LOOK EFFECT.

Ageing effect for marble, stone and untreated granite. A limited protection for medium/high absorbent marble, cobbles tones and veined stones in general. Gives treated surfaces an attractive "wet look" effect and moderate gloss. Coverage: 15-20mq/ltr.

Code	1+	12+
LANT034 1 LTR	£19.33	£18.52

Twinseven+ Nero

ENHANCER WITH BLACK PIGMENT FOR POLISHED SURFACES.

Specific composition suitable to the treatment of cracks and microfissures of black polished marble and granite in general. Treated surface will become lightly tone-enhanced, polished and protected. Solvent-based product. Coverage: 30-40mq/ltr.

Code	1+	12+
LANT044 1LTR	£34.49	£31.90

Twins1740

SOLVENT BASED WATER REPELLENT

Solvent based weather proof repellent to render exposed concrete, porous brick pointing and natural stone. Rapid evaporating product for surfaces with medium porosity. Coverage: 6-8 mq/ltr.

Code	1+	12+
LANT040 1 LTR	£15.73	£15.06

Bravocream

POLISHING MAINTENANCE CREAM

Weekly maintenance treatment to bring the polish back to kitchen surfaces and work pieces for end users. Upkeep emulsion. Specifically manufactured for the upkeep of polished and partially polished worktops. Protects against wear and dirt, for an attractive gloss surface.

Code	1+	12+
LANT003 250ML	£10.64	£9.60

Twinspot

SOLVENT BASED OIL STAIN REMOVER

Specific detergent for the removal of oily and greasy stains (oil, butter...) on surfaces in terracotta, stone, stoneware. Easy to use, it guarantees an excellent removal of and tough stain. Solvent based product.

Code	1+	12+
LANT015 1LTR	£20.45	£18.18

Twins 2151

WAX/PAINT/OLD TREATMENT REMOVER.

Wax and paint remover for eliminating old finishes on terracotta, marble, granite and other natural stones.

Code	1+	12+
LANT012 1 LTR	£12.64	£11.36

Twinsrux

WATER BASED RUST REMOVER

Specific detergent for the removal of rust from surfaces in marble, stone and granite. Water-based product.

Code	1+	12+
LANT016 1 LTR	£11.23	£10.62

Luxpowder

POLISHING POWDER

Polishing powder suitable for the final polishing of marble surfaces, marble / cement agglomerate and limestone. It allows to polish the surface quickly, reducing the risk of burning. Coverage: 45-55 mq/ltr.

Code	1+	12+
LANT108 1LTR	£16.25	£14.85

Twinsacido

ACID DETERGENT

Acidic detergent for the removal of saltpetre and cement from terracotta surfaces. Coverage: According to dilution.

Code	1+	12+
LANT014 1 LTR	£7.81	£6.97

Twinstripper

SOLVENT BASED WAX REMOVER

Water and solvent based wax remover for eliminating layers of wax or acrylic treatment. Coverage: According to dilution

Code	1+	12+
LANT017 1 LTR	£12.64	£11.38

Lantagloss

POLISHING CREAM FOR GRANITE, PORCELAIN STONEWARE AND QUARTZ/RESIN

Thanks to the innovative LANTAGLOSS formulation it allows to recover and polish ceramic, porcelain and quartz/resin surfaces. It can be used to restore worn or scratched areas and is an excellent post-polishing polish. On porcelain stoneware surfaces, in addition to increasing gloss, it considerably delays the penetration of dirt into porosities. Coverage: 30-40 mq/ltr.

Code	1+	12+
LANT109 1 LTR	£23.94	£21.38

STONEBOND VERTICAL POLYESTER RESIN

Two Part knife grade adhesive for vertical surfaces for filling, bonding and repairs on natural stone. A truly innovative product designed specifically for working natural stone such as marble, granite, onyx and travertine Stonebond mastics are the result of many years of careful analysis and improvement.

The main characteristics are:

- ✓ Strong binding powers
- ✓ Quick hardening
- ✓ Easy to spread
- ✓ Can be highly polished and pigmented

All resin supplied with hardener.

Volume Buying? Half Pallet 360 Tins, Full Pallet 720 Tins. Contact us for the best rate!

DMC6P Core Drill

- For heavy duty drilling applications – Wet or dry core drilling
- Highly efficient 3-Speed gearbox with 1700W motor
- Includes on Geka coupling for water feed & one for through spindle dust extraction
- 162mm wet core capacity rig mounted
- 182mm dry core capacity (*with use of pre-drilled pilot hole and guide rod*)
- Mechanical clutch
- Magnesium motor housing & gear case for weight reduction and maximum strength
- Side handle in-line with spindle for ultimate control
- Horizontal & vertical spirit level for accurate set up
- Internal management system controls amount of power applied
- LED for overload alert
- 2-in-1 spindle – 1-1/4" UNC (M) & 1/2" BSP (F)
- 60mm collar for rig mounting option
- Oil bath gearbox
- Brushed motor

Technical Data DMC6P

Voltage	110-120V – 50-60Hz
Input Power	110-120V: 1700W
Max Core Diameter	162mm Wet / 182mm Dry
No-Load Speeds	930 (#1), 1500 (#2), 4270 (#3)
Rated Load Speeds	560 (#1), 910 (#2), 2560 (#3)
Weight	6.4kg
Dimensions	437 mm x 115 mm x 289 mm
Vibration Level	<1.71 m/s ²
EAV / ELV / Exposure Points	(P/H) EAV – 17 hrs 6 mins – ELV – >24 h – EP/H 6
Decibel Level	97.0 dB (A)
Plug Type	16 amp – 3.3 KVA Transformer

AGPDMC6P	£1257.93	£1199.88

Mini Drill Rig

- For drilling holes up to Ø 120 mm
- 60 mm collar
- Max. cutting depth 520 mm
- Weight 7.1 kg
- Height: 880 mm
- For handheld drill motors only
- Centering device for precise set up
- Anchor base plate with 4 levelling bolts and anchor fixing slot
- Adjustable sliding blocks
- Insulated operating handle fits all adjusting and tensioning bolts
- Double water level in sliding house
- Top handle and lightweight for easy transport
- Base plate size - 210 x 245 mm

Code	1+	2+
AGPB13RIG	£732.90	£673.80

Drill Rig with Tilt

- For drilling holes up to Ø 202 mm
- 60 mm collar
- Max drilling depth 590 mm
- Weight 10.5 kg
- Height 890 mm
- For hand-held drill motors only
- Quick-release clamp bracket
- Precision roller guidance with fine adjustment
- Easy access to rollers
- Crank handle fits multiple points
- Tilt capability with scale
- Anchor base plate with 4 levelling bolts and anchor fixing slot
- Ideal for use with the VB400 vacuum plate
- Base plate size – 361 x 250 mm

Code	1+	2+
AGPAS200	£1013.20	£931.48

Mini Drill Rig with Vacuum

- For drilling holes up to Ø 200 mm
- 60 mm collar
- Max. cutting depth 450 mm with drill depth indicator
- Weight 10.9 kg
- Height: 850 mm
- For handheld drill motors only
- Can be variably tilted from 0° to 45° with drill angle indication on base plate
- Lightweight and durable aluminium design
- Integral vacuum base including vacuum seals and block
- Can also be used with fixing anchors
- Drill angle indication on base plate
- Adjustable sliding blocks
- Operating handle fits all adjusting and tensioning bolts
- Double water level in sliding house
- Double stabilisation bar & wear resistant side blocks
- On board tool station included
- Base plate size – 230 x 384 mm

**DON'T FORGET
ABOUT DUST
EXTRACTION**

POLIFOX 1700 VARIO

Professional angle polisher with high power reserves even at low speeds.

- Variable speed with setting wheel
- Long-life silicone connecting cable
- Temperature-dependent overload protection
- Spindle lock for easy tool change
- Self-shutting carbon brushes and easy brush exchange
- Control valve with a hose
- A splash guard reduces the amount of moisture and dust that enters the motor
- Spindle with double-row ball bearing
- GALESKI quality for highest loads: Double ball bearing of the spindle in the rinsing head.
- Proven, flexible and transparent splash guard. This means that less moisture and dirt is sucked into the engine compartment. This significantly increases the service life the machine.
- Water-cooled Aluminium end shield.
- Wear-resistant and unbreakable silicone power cable in signal colour (clearly visible).
- Soft start and electronics for constant speed even under load.
- Temperature-dependent overload protection.
- Spindle lock for easy tool changes.
- Speed range designed for stone polishing with infinitely variable speed regulation.
- 2 service ports for easy replacements of the carbon brushes.
- Bail handle and ergonomic rear handle for safe and comfortable work.
- Special requests (e.g. for longer connecting cables or hoses) can be considered.

Application: Wet polisher for natural or artificial stone processing. Especially suitable for stonemasons, sculptors, restorers, tilers, renovators, floor renovators, etc.

Included: Silicone connecting cable 4 m, hose 2.5 m with brass quick coupling, bail handle, CEE-plug, splash guard, carton.

Voltage	110 Volt
Spindle thread	M 14
Power	1,750 W
Speed	800 – 3,600 rpm Soft start

EPN1800P Wet Diamond Polisher

Powerful polisher.

Metal bond discs for surface grinding. Resin bond discs for smoothing & polishing. Wet finishing for finer surfaces. Water feed suppresses harmful dust. Motor is protected from water ingress.

The EPN1800 wet polisher with water feed is for smoothing, polishing and finishing concrete, natural stone, granite and terrazzo. Please choose backing pad and discs from the related products.

The motor is protected from water ingress.

It is recommended that advice is taken before working on granite, marble or natural stone, composite worktops or quartz surfaces.

PLEASE NOTE THE BACKING PAD IS NOT INCLUDED.

PRIME - PORTABLE BENCH SAWS

PRIME

PRIME BENCH SAWS

Bridge saw ideal for the building sector suitable for straight and 45° angle cuts of bricks, stones, granite marble and slabs.

- Single phase engine 110V 50Hz 3Hp/2,2 Kw with thermal and amperometrical protection
- Switch with release coil
- Overheat protection with manual reset
- Sliding cutting head and tilting engine
- Adjustable legs
- Adjustable goniometer fence
- 350mm Blade Guard
- Water recycling pump type S

Startup current 35Amps. Requires 5.5kva transformer.

Manual Head Movement

Handwheel for adjusting the movement of the cutting head. Both forwards and backwards movement.

45 Degree Angle Cuts

The head can be tilted up to 45 Degrees.

HYDRAULIC PROFILING AND ROUTER MACHINES

Auctor CP99 Profiling Machine

The CP99 is a hydraulic profiling machine for working marble, granite & other natural stone up to a maximum 40mm thickness. Internal lubrication & automatic cooling system. Manual height control and speed regulation from 1000 - 7000 rpm. Powered by an external 4HP hydraulic motor which in turn removes the need for electricity directly to the work station.

Production: Indicative production is on average 6 mtrs of 30mm full bullnose V30 profile in 60 minutes.

Dimensions: 500 x 300 x 400 mm

Weight: 16kg

Code	1+
OMA002	£P.O.A

Antarex Routing Machine

The Antarex is a hydraulic routing machine specifically designed to make the production of vanity tops, tap holes and other intricate work pieces in both an accurate and timely fashion. Designed to be used in conjunction with remade templates. Standard cutters available for up to 40mm material. Internal lubrication and automatic cooling system. Manual height control and speed regulation from 0 - 40,000 rpm. Powered by an external 4HP hydraulic motor.

Production: Production on 30mm granite 0.15-0.25mtr/min.

Dimensions: 500 x 300 x 400 mm

Weight: 20kg

Code	1+
OMA005	£P.O.A

Vega 4 Heavy Duty Grinder/Polisher

The Vega 4 is a heavy duty hydraulic grinding and polishing machine with both a central water feed and a variable speed control. The Vega 4 is greatly superior to any conventional electric machine in many aspects including power, versatility and durability. Powered by an external 4HP hydraulic motor.

Dimensions: 360 x 150 x 140 mm

Weight: 3kg

Code	1+
OMA007 VEGA 4	£P.O.A
OMA008 WATER BASE FOR VEGA 4	£P.O.A

4HP Hydraulic Gear Case

4HP hydraulic gear case which is necessary to power CP99, Antarex or Vega 4.

All OMA system machines have quick release fittings which enable the user to freely move from one machine to the next.

OMA003 SINGLE PHASE 4HP	£P.O.A
OMA004 THREE PHASE 4HP	£P.O.A

ALUMINIUM LIFTING GANTRY CRANES

This aluminium gantry crane is a complete, lightweight and fully customisable portable device designed for lifting loads. The Gantry is ideal for lifting applications in confined spaces. Supplied as two A-frames, two uprights, four adjustable feet, one beam and one travel. Can be used with manual block and chain, lever hoist or electric hoist.

Block & Chain

Compact and with low dimensions and lifting capacity of 1500kg. The standard lifting height is 3 meters. A high-strength, galvanized load chain for maneuvering your loads. Corrosion protected components. A load pressure brake ensures a secure hold.

Code	1+	3+
WE068	£402.13	£363.47

Carry Clamp

The Carry Clamp for Sheet Material is used in pairs, allowing you to safely lift and carry panels with a comfortable posture. The clamp design uses the weight of the stone to provide the clamping action. Vulcanised rubber lining on the jaws prevents damage to the surface of the material.

Code	1+	3+
WE074A	£268.12	£247.20

Lifting Slings

For lifting and maneuvering work pieces into position.

3m Aluminium Lifting Gantry Crane

Safe Working Load	1850kg
Support Height	2200-3500mm
Beam length	3 mtrs
Total weight of Gantry	110kg
Code	1+
WE059	£2232.75

4m Aluminium Lifting Gantry Crane

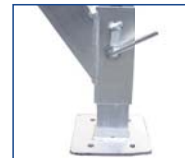

Safe Working Load	1500kg
Support Height	2200-3500mm
Beam length	4 mtrs
Total weight of Gantry	110kg
Code	1+
WE060	£2778.87

Beam Lock

Travel

Adjustable Legs

Adjustable "A" Frame

Hand Truck 500

Light and manoeuvrable tubular construction. With rubber slat supports. Ideal for moving memorials and smaller stones in and around the workshop.

Capacity	500kg
Height	1200mm
Plate	455mm
Wheels	260 x 85mm
Weight	25kg
Code	1+
WE003	£524.19

Hand Truck 750

The large wheels make it ideal for the transport of memorials in the cemetery / uneven ground. Robust steel construction. Wooden bearing surfaces. The trolley frame manufactured from 32mm box section and tubular steel and 25mm box section cross rails.

Capacity	750kg
Height	1260mm
Track width (outside)	640mm
Tires	400 x 100mm
Handle width	550mm
Blade size	425x55mm
Code	1+
WE007	£627.52

CUTURI PNEUMATIC HAMMERS

When using these hammers you must follow HAVS (hand arm vibration) regulations. Vibration hazard is determined by the length of exposure, as well as by the level of vibration. An effective risk assessment can only be made by analysing the operator's daily exposure and the work methods. It is compulsory to wear special anti-vibration gloves to CE standard. The operating pressure must not exceed 5 bar. Regular maintenance of the tool is required. Cuturi handbook available upon request.

Cuturi Pneumatic Hammer Size E

Traditional air hammer, manufactured in Italy. Requires regular maintenance to reduce vibration levels.

Piston Diameter	11mm
Weight	0.24kg
Air Consumption	3.5 cfm
Blows per minute	7200
Shank Diameter	7.5mm
Vibration	10.1 m/s ²
Code	1+ 2+
HM076	£329.01 £297.50

Cuturi Pneumatic Hammer Size V

Traditional air hammer, manufactured in Italy. Requires regular maintenance to reduce vibration levels.

Piston Diameter	16mm
Weight	0.7kg
Air Consumption	5 cfm
Blows per minute	6500
Shank Diameter	12.7mm
Vibration	13.8 m/s ²
Code	1+ 2+
HM077	£347.93 £317.42

Cuturi Pneumatic Hammer Size U

Traditional air hammer, manufactured in Italy. Requires regular maintenance to reduce vibration levels.

Piston Diameter	20mm
Weight	1.1kg
Air Consumption	6 cfm
Blows per minute	6000
Shank Diameter	12.7mm
Vibration	27.5 m/s ²
Code	1+ 2+
HM078	£381.20 £350.06

Cuturi Pneumatic Hammer Size T

Traditional air hammer, manufactured in Italy. Requires regular maintenance to reduce vibration levels.

Piston Diameter	25mm
Weight	1.5kg
Air Consumption	7.5cfm
Blows per minute	6000
Shank Diameter	12.7mm
Vibration	24 m/s ²
Code	1+ 2+
HM079	£390.33 £356.09

Cuturi Pneumatic Hammer Size S

Traditional air hammer, manufactured in Italy. Requires regular maintenance to reduce vibration levels.

Piston Diameter	25mm
Weight	1.9kg
Air Consumption	8.7 cfm
Blows per minute	5500
Shank Diameter	12.7mm
Vibration	27.2 m/s ²
Code	1+ 2+
HM080	£331.20 £302.14

Cuturi Pneumatic Hammer Size R

Traditional air hammer, manufactured in Italy. Requires regular maintenance to reduce vibration levels.

Piston Diameter	28mm
Weight	2 kg
Air Consumption	9.9 cfm
Blows per minute	5000
Shank Diameter	12.7mm
Vibration	20.7 m/s ²
Code	1+ 2+
HM081	£400.59 £365.44

Cuturi Pneumatic Pen

Delicate pneumatic hammer for fine and detailed work. Complete with point, claw and chisel. Piston 1/4" Air Consumption 40L (per minute). Weight 90g. Blows Per Minute 8500.

Code	1+ 2+
MC035 Cuturi pneumatic pen	£260.24 £243.24
MC036 Cuturi points	£21.88 £19.96

Workshop Compressors

Cast iron cylinder blocks on all models. Air receivers built to latest European standards 09/105 CE. Heavy duty industrial motor c/w overload protection. Twin cylinder pumps. Fitted aftercoolers. Aerodynamic flywheels for efficient cooling. Slow running pump speed giving lower noise & longer life expectancy. Automatic stop/start controls. Full back up factory trained engineers. Built and tested to European standards in a modern production facility in England.

Please speak to us about your requirements.

FK 701 Preciso – Pistol Grip Air Hammer

The F+K Preciso range is the entry level range of Air Hammer for Stone Masons, providing a tool suitable for normal everyday Stone Carving and Masonry work.

Weight	0.63 kg	Handle	Piston Grip
Length	153 mm	Tool holder	Spring Cap
Acceleration	7.88 m/s ²	Silencer	✓
Piston Ø	16 mm	Fluttering steering	✓
Piston stroke	30 mm	Tube width	8 mm
Striking rate	6100/min	Spigot	R 12,7 x 55
Air consumption	0.34 m ³ /min	Connection thread	G 1/4"
Valve design	Push Button		

Code	1+
FK701	£595.00

FK 714 Preciso SE – Pistol Grip Air Hammer

The F+K Preciso SE range of Air Hammer is the mid-level range for Stone Masons, providing a tool suitable for normal everyday Stone Carving and Masonry work, but also the more arduous working cycles of Banker Shops and Works Departments.

Air Control is a knurled dial on the heel of the Air Hammer which allows control of the maximum Air Flow.

Weight	0.59 kg	Valve design	Push Button
Length	149 mm	Handle	Piston Grip
Acceleration	7.7 m/s ²	Silencer	✓
Piston Ø	16 mm	Sliding-valve steering	✓
Piston stroke	30 mm	Tube width	8 mm
Striking rate	3900/min	Spigot	R 12,7 x 50
Air consumption	0.22 m ³ /min	Connection thread	G 1/4"

Code	1+
FK714	£704.48

FK 702 Medium/Heavy Duty Air Hammer

The F+K702 Air hammer is for Medium-to-Heavy jobs.

This hammer has a sensitive Thumb Valve Control for speed, a rotating exhaust silencer and bushings available for most common chisel shanks (12.7mm Dia. Standard)

Weight	1.7 kg	Valve design	Push Button
Length	255 mm	Handle	Swan Neck
Acceleration	9.22 m/s ²	Silencer	✓
Piston Ø	20 mm	Fluttering steering	✓
Piston stroke	60 mm	Tube width	8 mm
Striking rate	3200/min	Spigot	R 12,7 x 55
Air consumption	0.42 m ³ /min	Connection thread	G 1/4"

Code	1+
FK702	£722.92

13 Piece Sculptors Carbide Kit

Kit consists of:

- 10mm, 20mm Masonry Chisel – Mallet Headed
- 10mm, 20mm, 25mm Bullnose Chisel – Mallet Headed
- 6mm, 12mm, 20mm Fishtail Chisel – Mallet Headed
- 12mm Punch Tool – Mallet Headed
- 25mm Flat Claw Tool – Mallet Headed
- 125mm Nylon Mallet
- Diamond Sharpening Stone
- Leather Tool Roll

Code	1+
MTS020	£744.23

8 Piece Sculptors Carbide Kit

Starter kit for carving.

Kit consists of:

- Tool Roll
- 690g Iron Dummy
- 5mm Fishtail Chisel Mallet Head
- 8mm Fishtail Chisel Mallet Head
- 12mm Fishtail Chisel Mallet Head
- 25mm Claw Tool Holder Hammer Head
- 5 x 25mm Stone Claw Bits
- 150 x 25mm Red Sharpening Strip

Code	1+
MTS013	£273.07

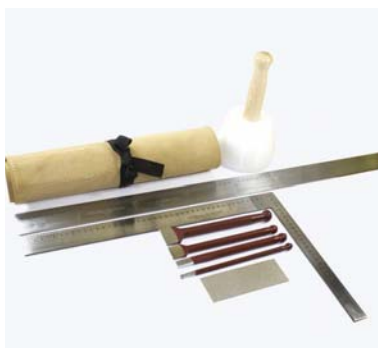

13 Piece Stonemasons Carbide Kit

Kit consists of:

- 6mm, 12mm, 25mm & 37mm Masonry Chisel – Mallet Headed
- 12mm Bullnose Chisel – Mallet Headed
- 25mm Claw Tool – Mallet Headed
- 16mm Punch Tool – Mallet Headed
- Carbide Tipped Scribe
- Diamond Wetstone Sharpener
- Heavy Duty Combination Square
- 450 x 300mm Masons Flat Steel Square
- 125mm Nylon Mallet
- Leather Tool Roll

Code	1+
MTS019	£689.02

9 Piece Stonemasons Carbide Kit

Starter kit for masonry workers.

Kit consists of:

- Tool Roll
- 125 mm Nylon Mallet
- 6mm Chisel Mallet Head
- 12mm Chisel Mallet Head
- 25mm Chisel Mallet Head
- 37mm Chisel Mallet Head
- 450 x 300mm Steel Square
- 1 mtr Steel Straight Edge
- 150 x 50mm Red Sharpening Strip

APPLIED SANDBLASTING MACHINES

- Concave top for rapid filling of pot which is sealed automatically by heavy duty pop-up valve
- Conical bottom ensures all media flows to metering valve
- Inspection hole – Allowing easy access for inspection and maintenance
- Minor abrasive valve
- Compact remote control system and silencer – This gives the operator full control at the end of the blast hose, giving higher efficiency of abrasive, increased performance and operator safety
- Moisture/Water Separator – Assists in removing the water/moisture from the incoming compressed air supply to the blast pot, thus helping to ensure that the abrasive does not become damp
- Quick claw couplings fitted to ensure quick set-up
- Main air isolation valve for additional safety
- Heavy duty wheels for increased mobility
- CE Approved

All Applied Blast Machines are manufactured in Ireland, are CE Approved supplied with:

- 10 Metres of Heavy Duty Blast Hose
- Tungsten Carbide Nozzle
- 10 Meters of Air Supply Hose
- Pneumatic Remote Control System with Remote Dead Man's Handle
- 12 Month Warranty

DUSTLESS PRESSURE BLASTER – SANDBLASTER

This sandblasting system uses a 24 L pressure tank, with “deadmans” handle trigger system. The combined nozzle and brush holder allows for a dustless sandblasting operation. The sandblast media is separated by the vacuum unit that is connected to the sandblast unit. The reusable media is returned to the hopper and the fines are collected by the dust extraction unit. The price shown is representative of delivering to a UK Mainland address.

Specification:

- Supplied with wheels for easy movement.
- Faster sandblasting with dustless operation.
- 1200 watt vacuum motor 240v
- Polyester cartridge filter.
- Stainless steel collection unit.
- Air consumption 700 liters per minute.
- Regulate blast pressure from 2.5 – 10 bar.
- Abrasive nozzle made of boron carbide (4 mm diameter)
- Weighs 70 kg.
- 900 mm x 600 mm x 1300 mm (h) dimensions.

Conditions for the Supply of Goods

INTERPRETATION

The definitions and rules of interpretation in this condition apply in these conditions.

Buyer: the person, firm or company who purchases the Goods from Harbro.

Contract: any contract between Harbro and the Buyer for the sale and purchase of the Goods, incorporating these conditions.

Goods: any goods agreed in the Contract to be supplied to the Buyer by Harbro (including any part or parts of them).

Harbro: Harbro Supplies Limited (CRN: 4081856)

1. APPLICATION OF TERMS

1.1 The Contract together with any particulars set out in the Harbro quotation offer shall be on these conditions to the exclusion of all other terms and conditions (including any terms or conditions which the Buyer purports to apply under any purchase order, confirmation of order, specification or other document).

1.2 These conditions apply to all Harbro's sales and any variation to these conditions and any representations about the Goods shall have no effect unless expressly agreed in writing by Harbro.

1.3 Each order or acceptance of a quotation for Goods by the Buyer from Harbro shall be deemed to be an offer by the Buyer to buy Goods subject to these conditions.

1.4 No order placed by the Buyer shall be deemed to be accepted by Harbro until a written acknowledgement of order is issued by Harbro or (if earlier) Harbro delivers the Goods to the Buyer.

1.5 The Buyer shall ensure that the terms of its order and any applicable specification are complete and accurate.

1.6 Any quotation is given on the basis that no Contract shall come into existence until Harbro despatches an acknowledgement of order to the Buyer.

2. PRICE

2.1 Any quotation is subject to acceptance within 30 days only from its date, provided Harbro has not previously withdrawn it and is based upon shipment of the goods as soon as possible.

2.2 The price payable for the goods will be Harbro's current price list for the Goods at the time of delivery. All prices are subject to alteration by Harbro without notice to the Buyer. Harbro reserves the right to correct any clerical or typographical errors made by employees at any time.

2.3 The price for the Goods shall be exclusive of any value added tax and all costs or charges in relation to packaging, loading, unloading, carriage and insurance, all of which amounts the Buyer shall pay in addition when it is due to pay for the Goods.

3. TERMS OF PAYMENT

3.1 Unless otherwise specifically agreed in writing, payment for products shall be made 30 days from date of invoice. Time of payment shall be of the essence and no payment shall be deemed to have been received until Harbro has received cleared funds.

3.2 All payments payable to Harbro under the Contract shall become due immediately on its termination despite any other provision.

3.3 The Buyer shall make all payments due under the Contract in full without any deduction whether by way of set-off, counterclaim, discount, abatement or otherwise unless the Buyer has a valid court order requiring an amount equal to such deduction to be paid by Harbro to the Buyer.

3.4 If the Buyer fails to pay Harbro any sum due pursuant to the Contract, the Buyer shall be liable to pay interest to Harbro on such sum from the due date for payment at the annual rate of 3% above the base lending rate from time to time of the Bank of England plc, accruing on a daily basis until payment is made, whether before or after any judgment. Harbro reserves the right to claim interest under the Late Payment of Commercial Debts (Interest) Act 1998.

3.4 Failure to make payment shall also entitle Harbro Supplies Limited to cancel any further deliveries

4. DELIVERY

4.1 Unless otherwise agreed in writing by Harbro, delivery of the Goods shall take place at the delivery address specified by the Buyer (the Delivery Point).

4.2 Any dates specified by Harbro for delivery of the Goods are intended to be an estimate and time for delivery shall not be made of the essence. If no dates are so specified, delivery shall be within a reasonable time.

4.3 Subject to the other provisions of these conditions Harbro shall not be liable for any direct, indirect or consequential loss (all three of which terms include, without limitation, pure economic loss, loss of profits, loss of business, depletion of goodwill and similar loss), costs, damages, charges or expenses caused directly or indirectly by any delay in the delivery of the Goods (even if caused by Harbro's negligence), nor shall any delay entitle the Buyer to terminate or rescind the Contract unless such delay exceeds 180 days.

4.4 If for any reason the Buyer fails to accept delivery of any of the Goods when they are ready for delivery, or Harbro is unable to deliver the Goods on time because the Buyer has not provided appropriate instructions, documents, licences or authorisations:

(a) risk in the Goods shall pass to the Buyer (including for loss or damage caused by Harbro's negligence);

(b) the Goods shall be deemed to have been delivered: and

(c) Harbro may store the Goods until delivery, whereupon the Buyer shall be liable for all related costs and expenses (including, without limitation, storage and insurance).

4.5 The Buyer shall provide at the Delivery Point and at its expense adequate and appropriate equipment and manual labour for loading the Goods.

5. INSPECTION

5.1 The Buyer shall inspect the Goods immediately on delivery and shall notify Harbro, in writing, in the event of:

(a) damage or shortages: within 3 days of delivery of the consignment; or

(b) any other matter or thing by reason whereof the Buyer alleges that the Goods are not in accordance with the Contract: within 14 days of the date of the invoice.

5.2 The quantity of any consignment of Goods as recorded by Harbro on despatch from Harbro's place of business shall be conclusive evidence of the quantity received by the Buyer on delivery unless the Buyer can provide conclusive evidence proving the contrary.

5.3 Harbro shall not be liable for any non-delivery of Goods (even if caused by Harbro's negligence) unless the Buyer gives written notice to Harbro of the non-delivery within 14 days of the date when the Goods would in the ordinary course of events have been received.

5.4 Any liability of Harbro for non-delivery of the Goods shall be limited to replacing the Goods within a reasonable time or issuing a credit note at the pro rata Contract rate against any invoice raised for such Goods.

6. RISK/TITLE

6.1 The Goods are at the risk of the Buyer from the time of delivery.

6.2 Ownership of the Goods shall not pass to the Buyer until Harbro has received in full (in cleared funds) all sums due to it in respect of:

(a) the Goods; and

(b) all other sums which are or which become due to Harbro from the Buyer on any account.

6.3 Until ownership of the Goods has passed to the Buyer, the Buyer shall:

(a) hold the Goods on trust for Harbro;

(b) store the Goods (at no cost to Harbro) separately from all other goods of the Buyer or any third party in such a way that they remain readily identifiable as Harbro's property;

(c) not destroy, deface or obscure any identifying mark or packaging on or relating to the Goods; and

(d) maintain the Goods in satisfactory condition and keep them insured on Harbro's behalf for their full price against all risks to the reasonable satisfaction of Harbro. On request the Buyer shall produce the policy of insurance to Harbro.

6.4 Harbro shall be entitled to recover payment for the Goods notwithstanding that ownership of any of the Goods has not passed from Harbro.

6.5 The Buyer grants Harbro, its agents and employees an irrevocable licence at any time to enter any premises where the Goods are or may be stored by the Buyer in order to inspect them, or, where the Buyer's right to possession has terminated, to recover them.

6.6 On termination of the Contract, howsoever caused, Harbro's (but not the Buyer's) rights contained in this condition 6 shall remain in effect.

7. QUALITY

7.1 Harbro warrants that (subject to the other provisions of these conditions) on delivery the Goods shall:

(a) be of satisfactory quality within the meaning of the Sale of Goods Act 1979;

(b) be reasonably fit for any particular purpose for which the Goods are being bought if the Buyer had made known that purpose to Harbro in writing and Harbro has confirmed in writing that it is reasonable for the Buyer to rely on the skill and judgement of Harbro.

7.2 Harbro shall not be liable for a breach of the warranties in 7.1 unless:

(a) the Buyer gives written notice of the defect to Harbro, and, if the defect is as a result of damage in transit to the carrier, within 14 days of the time when the Buyer discovers or ought to have discovered the defect; and

(b) Harbro is given a reasonable opportunity after receiving the notice of examining such Goods.

7.3 Harbro shall not be liable for a breach of the warranties in 7.1 if:

(a) the Buyer makes any further use of such Goods after giving such notice; or

(b) the defect arises because the Buyer failed to follow Harbro's oral or written instructions as to the storage, installation, commissioning, use or maintenance of the Goods or (if there are none) good trade practice; or

(c) the Buyer alters or repairs such Goods without the written consent of Harbro.

7.4 Subject to condition 7.2 and condition 7.3, if any of the Goods do not conform with any of the warranties in condition 7.1 Harbro shall at its option repair or replace such Goods (or the defective part) or refund the price of such Goods at the pro rata Contract rate.

7.5 If Harbro complies with condition 7.4 it shall have no further liability for a breach of any of the warranties in condition 7.1 in respect of such Goods.

8. LIMITATION OF LIABILITY

8.1 Subject to condition 4, condition 5 and condition 7, the following provisions set out the entire financial liability of Harbro (including any liability for the acts or omissions of its employees, agents and sub-contractors) to the Buyer in respect of:

(a) any breach of these conditions, including any deliberate personal repudiatory breach OR any deliberate breach of these conditions by a party, or its employees, agents or subcontractors;

(b) any use made or resale by the Buyer of any of the Goods, or of any product incorporating any of the Goods; and

(c) any representation, statement or tortious act or omission including negligence arising under or in connection with the Contract.

8.2 All warranties, conditions and other terms implied by statute or common law (save for the conditions implied by section 12 of the Sale of Goods Act 1979) are, to the fullest extent permitted by law, excluded from the Contract.

8.3 Nothing in these conditions excludes or limits the liability of Harbro:

(a) for death or personal injury caused by Harbro's negligence; or

(b) under section 2(3), Consumer Protection Act 1987; or

(c) for any matter which it would be illegal for Harbro to exclude or attempt to exclude its liability; or

(d) for fraud or fraudulent misrepresentation.

8.4 Subject to condition 8.2 and condition 8.3:

(a) Harbro's total liability in contract, tort (including negligence or breach of statutory duty), misrepresentation, restitution or otherwise, arising in connection with the performance or contemplated performance of the Contract shall be limited to the Contract price; and

(b) Harbro shall not be liable to the Buyer for loss of profit, loss of business, or depletion of goodwill in each case whether direct, indirect or consequential, or any claims for consequential compensation whatsoever (howsoever caused) which arise out of or in connection with the Contract.

9. CANCELLATION

The Buyer may within 14 days of placing an order amend or cancel an order by written notice to Harbro. If the Buyer amends or cancels an order, its liability to Harbro shall be limited to payment to Harbro of all costs reasonably incurred by Harbro in fulfilling the order up until the date of amendment or cancellation, except that, where the amendment or cancellation results from the Harbro's failure to comply with its obligations under the Contract, the Buyer shall have no liability to Harbro in respect of it.

10. ASSIGNMENT

10.1 Harbro may assign the Contract or any part of it to any person, firm or company.

10.2 The Buyer shall not be entitled to assign the Contract or any part of it without the prior written consent of Harbro.

11. FORCE MAJEURE

Harbro reserves the right to defer the date of delivery or to cancel the Contract or reduce the volume of the Goods ordered by the Buyer (without liability to the Buyer) if it is prevented from or delayed in the carrying on of its business due to circumstances beyond the reasonable control of Harbro including, without limitation, acts of God, governmental actions, war or national emergency, acts of terrorism, protests, riot, civil commotion, fire, explosion, flood, epidemic, lock-outs, strikes or other labour disputes (whether or not relating to either party's workforce), or restraints or delays affecting carriers or inability or delay in obtaining supplies of adequate or suitable materials, provided that, if the event in question continues for a continuous period in excess of 180 days, the Buyer shall be entitled to give notice in writing to Harbro to terminate the Contract.

12. General

12.1 Each right or remedy of Harbro under the Contract is without prejudice to any other right or remedy of Harbro whether under the Contract or not.

12.2 If any provision of the Contract is found by any court, tribunal or administrative body of competent jurisdiction to be wholly or partly illegal, invalid, void, voidable, unenforceable or unreasonable it shall to the extent of such illegality, invalidity, voidness, voidability, unenforceability or unreasonableness be deemed severable and the remaining provisions of the Contract and the remainder of such provision shall continue in full force and effect.

12.3 Failure or delay by Harbro in enforcing or partially enforcing any provision of the Contract shall not be construed as a waiver of any of its rights under the Contract.

12.4 Any waiver by Harbro of any breach of, or any default under, any provision of the Contract by the Buyer shall not be deemed a waiver of any subsequent breach or default and shall in no way affect the other terms of the Contract.

12.5 The parties to the Contract do not intend that any term of the Contract shall be enforceable by virtue of the Contracts (Rights of Third Parties) Act 1999 by any person that is not a party to it.

12.6 This Contract and any dispute or claim arising out of or in connection with it or its subject matter or formation (including non-contractual disputes or claims) shall be governed by and construed in accordance with English law, and the parties submit to the exclusive jurisdiction of the English courts.
